LAW CREATING DEPARTMENT OF AGRICULTURE.

AN ACT *to revise the law in relation to the Department of Agriculture, agricultural societies and agricultural fairs, and to provide for reports of the same, approved June 23, 1883, in force July 1, 1883, as amended by Acts approved April 26, 1907; June 3, 1907; June 9, 1909; May 29, 1911, and June 27, 1913.*

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That the Department of Agriculture, for the promotion of agriculture and horticulture, manufactures and the domestic arts, shall be continued, and shall be managed by a board to be styled the "State Board of Agriculture," to consist of a president and one vice-president from each congressional district in the State, and of the last ex-president of the State Board of Agriculture, said president and vice-president to be elected on the fair grounds on Wednesday of the annual State Fair in 1884, and every two years thereafter on Wednesday of the week of the State Fair, by delegates or alternates or their written proxies, chosen by the several agricultural societies in counties where such societies exist, in the following manner, to wit: In counties having one agricultural society, such society may appoint three delegates; in counties having two agricultural societies, each society may appoint one delegate, who shall be entitled to one and one-half votes; in counties having three agricultural societies, each society may appoint one delegate; and if either society shall neglect or refuse to appoint such delegate, the delegate or delegates appointed shall be entitled to cast the full vote of the county; and in counties where no agricultural society exists, the delegates may be appointed by the board of supervisors or county board, as the case may be; each county to be entitled to three votes, and no more, and each union, or district agricultural society, shall be accredited to that county in which its fair grounds, or the greater part thereof, shall be located. The members of the State Board of Agriculture shall enter upon the duties of their office on the second Tuesday in January succeeding their election, and hold their office for two years, and until their successors are elected and enter upon their duties. The State Board of Agriculture may fill any vacancy, arising from any cause, by appointment from the district in which the vacancy occurs.

No person shall be eligible to hold the position of member of the State Board of Agriculture who does not live or is not a legal resident in the district which he represents, and the members of the State Board of Agriculture shall fill any vacancy at its first meeting, arising in the district in which the vacancy occurs.

SEC. 2. The State Board shall appoint some person, not a member of the board, secretary, and fix his compensation, who shall hold his office during the term for which the members of the board appointing him are elected, unless for good cause he shall sooner be removed by the board and who shall perform such duties as usually pertain to the office of secretary, or as shall be required of him by the board.

SEC. 3. They shall also appoint some person not a member of the board, as treasurer, and fix his compensation and prescribe his duties, who shall give bond in such sum and with such security as the board shall direct, conditioned for the faithful discharge of the duties of his office. He shall hold his office during the term for which the members of the board appointing him are elected unless for good cause he shall be sooner removed by the board. He shall receive all moneys paid to the board and from whatever source and shall disburse money only on the order of the president, countersigned by the secretary. He shall keep an accurate itemized account of all moneys received by him and also paid out and make an annual report to the

State Board on or before the last Thursday of December of each year, and make full settlement with the board, which report shall be embodied in full in the report of the board to the Governor. The books of such treasurer shall be open at all times for examination by the Auditor of Public Accounts or any agent thereof. [As amended by act approved June 3, 1907, in force July 1, 1907.]

SEC. 4. The State Board of Agriculture shall keep an office for the transaction of business, at Springfield, in the rooms assigned to the Department of Agriculture, in the State House, to be under the control of said board.

SEC. 5. The State Board of Agriculture, in that name, may contract and be contracted with; may purchase, hold or sell property; may sue and be sued in all courts or places; may hold State Fairs and fat stock shows at such times and places as the board may determine, but this State shall never be liable for any debt or contract of said board.

SEC. 6. The State Board of Agriculture shall have the sole control of the affairs of the Department of Agriculture, of all State Fairs and fat stock shows, and may make such by-laws, rules and regulations in relation to the Department of Agriculture and the management of the business of such department, State Fairs, fat stock shows, and offering of premiums as a majority of said board shall from time to time determine not inconsistent with the Constitution or laws of this State or of the United States: *Provided*, that the board shall so regulate admissions to State Fairs and fat stock shows that the total attendance and paid admissions may be accurately computed by automatic devices. [As amended by act approved June 3, 1907, in force July 1, 1907.]

SEC. 7. Whatever money shall be appropriated to the Department of Agriculture shall be paid to the State Board of Agriculture and may be expended by them as in the opinion of said board will best advance the interest of agriculture, horticulture, manufactures and domestic arts in this State.

All appropriations which shall be made for the benefit of county fairs or other agricultural societies shall be divided between such county fairs or agricultural societies as shall have given satisfactory evidence to said State Board of having held an annual fair and made their annual report on or before the fifteenth day of November of each year to the State Board of Agriculture.

Said appropriations shall be divided between such county fairs or agricultural societies which shall have complied with the conditions herein prescribed, as follows: To each of said county fairs or agricultural societies upon the following basis: First, 60 per cent of the first one thousand dollars ($1,000); second, 50 per cent on the second one thousand dollars ($1,000); third, 40 per cent on the next two thousand dollars ($2,000); and fourth, 30 per cent on all in excess of four thousand dollars ($4,000) of the total amount of premiums paid at its annual fair for the current year, for exhibits of horticulture, agriculture, poultry, live stock and domestic and mechanical arts: *Provided*, that if the amount appropriated by the General Assembly for the payment of the respective premiums shall be insufficient to pay the several amounts in full, then the sum shall be pro rated amongst all the fairs entitled thereto.

On or before the fifteenth of November of each year the president and secretary of each county fair or agricultural society claiming the benefit of any such appropriation shall file with the secretary of the State Board of Agriculture a sworn statement of the actual amount of cash premiums paid at the fair of the current season, which must correspond with the published offer of premiums and a further sworn statement that at such fair all gambling and gambling devices of whatsoever kind and the sale of intoxicating liquors have been prohibited and excluded from grounds of such county fair or agricultural society and all adjacent grounds under their authority or control. Such statement shall be accompanied by an itemized list of all premiums paid upon the basis of the premiums herein provided and a copy of the published premium list of such fair and a full statement of receipts and expenditures for the current year duly verified by the secretary of such fair or agricultural society. Such money shall

be paid to the treasurer of the county fair or agricultural society upon his receipt countersigned by the secretary.

That the sum of eighty-five thousand dollars ($85,000) per annum, or so much thereof as may be annually necessary, be and the same is, hereby appropriated to county fairs or other agricultural societies of the State of Illinois, said appropriation to be divided between such county fairs or agricultural societies which have complied with the conditions prescribed by section 7.

The Auditor of Public Accounts is hereby authorized and directed to draw his warrants upon the State Treasurer for the moneys herein appropriated in favor of the several county fairs or agricultural societies of this State who shall have complied with the provisions of section 7 of the act referred to herein, and the certificate of the State Board of Agriculture signed by its president and attested by its secretary, shall be required by the Auditor of Public Accounts as proof of such compliance. [As amended by act approved June 27, 1913, in force July 1, 1913.]

SEC. 8. The State Board of Agriculture shall, after their annual meeting in January of each year, make and deliver to the Governor an itemized and complete report of their acts and doings as required by law and no other annual report shall be made by said board, which report shall contain the full report of the treasurer and a detailed statement of attendance, receipts, premiums, expenses and such other information in regard to any State Fair or fat stock show held during the year as they may deem desirable. Such report shall be published for distribution to the public. [As amended by act approved June 3, 1907, in force July 1, 1907.]

SEC. 9. Said State Board of Agriculture may append to, and publish with their said report, the annual report of the State Entomologist, and such other reports or essays connected with agriculture, horticulture, manufacture or the domestic arts as, in the judgment of said board, the interests of the State require, said annual report and appended essays not to exceed seven hundred printed pages.

SEC. 10. It shall be lawful for the State Board of Agriculture or other agricultural society, at or before the time for holding its annual fair, to select and appoint as many persons to act in the capacity of special police as are by said society deemed requisite to insure peace and good order on or about the grounds, or place of holding such fair, for and during the holding of the same: *Provided*, that such person, before entering upon the duties of special police, shall receive his authority from and take the oath of office by any judge or justice of the peace, or other officer authorized to administer oaths, residing or holding his office in the town or municipal corporation most contiguous to the fair grounds, or place of holding such fair, and shall receive from such judge or justice of the peace a certificate, under seal, of his appointment and authority to act as such special police, which shall be indicated by some appropriate badge of office, and when so authorized, he shall be clothed with full police powers.

SEC. 11. Whoever trespasses upon any fair grounds, or commits any depredations upon the property of any agricultural society, by cutting or destroying any timber or trees, breaking or carrying away any box, trough, stall, bench, fence, lock, door, gate, lumber or other appurtenance to any fair ground whether within or without the enclosure thereof, shall be fined not less than five nor exceeding two hundred dollars, and shall be liable, civilly, for all damages sustained by such wrongful act.

SEC. 12. Whoever shall keep any shop, booth, tent, wagon, vessel, boat or other place for the sale of spirituous liquors, or expose for sale, or sell, give away, or otherwise dispose of any spirituous liquors, or engage in gaming at or within two miles of the place where any agricultural, horticultural or mechanical fair is being held, shall, for each offense, be fined not less than five nor more than one hundred dollars: *Provided*, this section shall not affect tavern-keepers, distillers or others exercising their calling at their usual place of business.

SEC. 13. Any person violating the provisions of the preceding section may be arrested upon view or upon warrant, by any sheriff, coroner, constable or other officer authorized to make the arrest; and such officer may

also seize the booth, tent, wagon, vessel or boat, and articles to be sold, and convey the same before a justice of the peace, with the offender and, upon a judgment being rendered against the offender, the same may be sold upon the execution issued upon such judgment; and if sufficient property is not found to satisfy such fine, the offender may be committed to the county jail until the fine and costs are paid, or the prisoner discharged according to law.

SEC. 14. Whenever the word "fair" occurs in this act it shall be held to mean a *bona fide* exhibition of the four principal classes of live stock, together with general agricultural and horticultural products and mechanical arts.

SEC. 15. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

OFFICERS AND MEMBERS OF THE ILLINOIS STATE BOARD OF AGRICULTURE, FROM DATE OF ORGANIZATION IN 1853 TO AND INCLUDING 1914.

1853–54.

Name.	Office.	Address.
James N. Brown	President	Berlin, Sangamon County.

Twenty-fourth District.—The counties of Clay, Edwards, Gallatin, Hamilton, Hardin, Johnson, Massac, Pope, Saline, Wayne and White.

Twenty-fifth District.—The counties of Alexander, Franklin, Jackson, Perry, Pulaski, Randolph, Union and Williamson.

FIFTY-SECOND ANNUAL REPORT OF THE ILLINOIS STATE BOARD OF AGRICULTURE.

DEPARTMENT OF AGRICULTURE,

Springfield, Ill., October 21, 1914.

The board met on call of the president, following the meeting of the Joint Committee on Grounds and Finances, and President Montgomery being absent, the board was called to order by Mr. Anthony, who nominated Mr. J. K. Hopkins as chairman, and he was unanimously chosen.

In the absence of Secretary Dickirson, on account of illness, Mr. Lindley, chief clerk, acted as secretary.

On the call of the roll the following members were found to be present: Messrs. Conrad, Heide, Cooper, Mares, Miller, Robertson, McComb, Wilk, Davis, Dike, Madden, Taggart, Thornber, Aten, Hopkins, Taylor, Davison, Woods, Goodall, and Anthony—20. Absent: Messrs. Rehm, Burke, Skiles, Culp, Marshall, Shaw, and President Montgomery—7.

Springfield, Ill., October 21, 1914.

Dr. Montgomery being absent, the board was called to order by Mr. Anthony, who nominated Mr. J. K. Hopkins as chairman, and he was unanimously chosen.

Mr. Hopkins said if there was no objection, the reading of the minutes of the last meeting would be dispensed with and the board would listen to the report of the Joint Committee on Grounds and Finance.

The secretary read the report of the committee and Mr. Hopkins asked the pleasure of the board in regard to it.

SPRINGFIELD, ILL., *October 21, 1914.*

Mr. President and Members of the State Board of Agriculture:

As chairman of the joint committee composed of the standing committees on grounds and finance, appointed at the last January meeting of the board to inquire into the matter of acquiring land north of the fair grounds, I beg leave to say that a meeting of said committee was held yesterday, and the following resolution was adopted:

Resolved, That it is the sense of the Joint Committee on Grounds and Finance that the State Board of Agriculture proceed to condemn approximately 40 acres of land immediately north of and adjoining the State Fair Grounds on the north, providing said land cannot be purchased at a price which is reasonable and that a representative of the board be authorized to submit propositions to the owners of said land, which if not accepted, the matter be placed in the hands of Attorney Sidney Breese of Springfield, with instructions to institute condemnation proceedings.

The above is respectfully submitted as the report of the said joint committee.

C. F. DIKE, *Chairman.*

Mr. Madden said he thought it unnecessary to consume time discussing this matter as all were acquainted with the purpose of this

meeting and having heard the report, in order to save time, moved that the report of the committee be received and placed on file.

Mr. Madden's motion received a second and was carried, the secretary calling the roll and 19 members voted yes, and none voting no.

Mr. Miller asked about the time given the interurban people who made the proposition regarding a proposed railway along the fair grounds.

Mr. Conrad said the proposition had automatically fallen through.

The secretary was asked to read the terms of the agreement and the time named was found to be July 1, 1914.

On motion of Mr. Miller, the secretary was instructed to notify the persons with whom this agreement had been made that the same is now null and void.

Mr. Hopkins introduced Judge Masters, who spoke of the propriety and fitness of the board purchasing the house in which Abraham Lincoln had lived, at New Salem, and presented papers verifying the authenticity of the building offered, to be placed on the State Fair Grounds as an added attraction, for the information and enjoyment of the people visiting the Illinois State Fair.

The secretary read a communication along the same line from Geo. F. Kuhlman of Kuhlman & Goodell.

Mr. Hopkins asked the pleasure of the members of the board on this matter.

Mr. Woods moved that the chairman appoint a committee to look into this matter and secure a price on the building and find what would be the cost of carrying out the suggestion, which motion received a second and was carried.

Mr. Hopkins appointed as such committee, Mr. Woods, Mr. Heide, and Mr. Miller.

The secretary read a letter from Prof. Wilhelm Miller, of the University of Illinois, suggesting that a premium be offered for an exhibit of the best planned or best kept farm or city property.

On motion of Mr. Heide this letter was referred to the Standing Committee on Horticulture, for some immediate action, as the letter appeared to require an early reply.

The secretary read a letter from the recorder of Ansar Temple, enclosing resolutions of thanks to this board for the use of the fair grounds and the Dome Building for their initial ceremonial on September 5, 1914.

On motion the letter was received and placed on file.

The secretary read a letter from Chas. L. Laws, of Donnellson, Ill., in regard to an accident to his auto at the recent State Fair, and read also the letter of Mr. Goodall, general superintendent, referring Mr. Laws' letter to the secretary for reply.

On motion of Mr. Madden the letters were referred to the Judiciary Committee.

The secretary read a letter from Mr. Heide relative to the advisability of paying no salary to any member of the board, in view of the preparation of the budget which must be made ready for presentation for the maintenance of the board.

Mr. Aten moved that at the close of the present term of office, the salary of the general superintendent be discontinued, which received a

second and was carried unanimously, on the call of the roll there being 20 ayes and no noes.

The secretary read section 13 of the Senate Bill providing that the budgets of the various State departments be presented by November 1 to the Legislative Reference Bureau.

Mr. Hopkins said this called for the preparation of a budget for the next year and said he would like to have expressions from the members of their views as to the amount this board should ask for. It was explained that this includes salaries, expenses, any new buildings and whatever the board will want from the Legislature.

Mr. Thornber moved that the chairman appoint a committee of five, with power to get up a budget and have it in the hands of that commission by the 1st of November, which motion was seconded by Mr. Wilk.

Mr. Anthony said it seemed to him it would be a good idea to have that committee report at this meeting and give the members a chance to act upon it at this time.

Mr. Thornber accepted this suggestion as an amendment to his motion, and the same was voted upon and carried.

Mr. Heide said he thought in that event it would be well to have a free expression of all the members as to the needs in their several departments, for the coming year, before the committee retired.

Dr. Robertson suggested that the secretary call the roll of departments and each superintendent be asked to state his wants.

This was done, with the following result:

Class A—Cattle, Sec. 1. Mr. Heide asked for $20,000 for new cattle barns.

Class A—Cattle, Sec. 2. Mr. Madden said four barns are needed, similar in construction to those already on the grounds, which might be erected at a probable cost of $5,000 each.

Class B—Horses—Aside from minor repairs and improvements nothing was asked.

Class C—Sheep—Nothing—(Mr. Thornber).

Class D—Swine—Mr. Culp not present—Nothing.

Class F—Mr. Wilk asked for more exits for the Exposition Building.

Class K—Mr. Miller emphasized the necessity of more exits, and the need of new cases, which would cost perhaps $1,000.

Class L—Education—Dr. Robertson said the Boys' State Fair School needed a kitchen, toilets and an eating house—asked for $5,000 "on the hill" for the boys; and recommended that closed-in eating houses would be a great improvement and the matter should be looked into.

Class M—Machinery—Mr. Dike, asked nothing.

Class N—Dairy Products—Mr. Mares asked nothing except incidental repairs.

Class O—Culinary—Mr. Davis asked for a new building for that exhibit. It is greatly desired by exhibitors and is much needed. There should be a better place for showing these exhibits.

Several members spoke of the unsanitary conditions in the Woman's Building.

Mr. Anthony said the State Fair has outgrown the Coliseum Building and that this one item should be considered; and another item is the

fruit exhibit of this State, which is quite important, too important to be housed on the second floor of any building.

Mr. Heide spoke of other fairs having been furnished with a place for caring for children, where they may be left by their mothers and be safe. The Missouri Fair has such a place, and children's playgrounds. He suggested that it would be advisable to ask for $5,000 which would perhaps cover this expense.

Mr. Woods said that a band stand would be a great convenience and a means of saving expense in providing music. He suggested also that more accommodations are needed in the grand stand—there should be more seats, and advised that some of them should be free.

The chairman appointed as the Committee for the Consideration of the Budget Messrs. Thornber, Davison, Wilk, Taggart, and Madden, and the board now took recess to allow that committee to retire and have a meeting.

The committee having signified their readiness to report, Mr. Hopkins asked the board to come to order and the secretary read the following report:

Your committee appointed to consider the matter of appropriations and prepare a budget to be presented to the Legislative Reference Bureau beg leave to make the following report and recommend its adoption:

FOR DEPARTMENTAL EXPENSES.

Salaries of—	Per annum.
Secretary	$ 4,000
Chief clerk	2,400
Receiving and shipping clerk	1,200
Stenographer	1,200
Statistical clerk	1,200
Filing clerk	1,000
Janitor	600
State Fair	5,000
Traveling expenses, members	3,000
Crop statistics expense	1,000
Office expense	1,500
Maintenance and repairs	20,000
Total for 1915	$42,100
Total for 1916	42,100

BUILDINGS AND IMPROVEMENTS.

Four cattle barns	$20,000
Construction of fire-escapes to Exposition Building to comply with order of Fire Marshal, and other improvements in said building..	2,500
Construction of sanitary kitchen and toilet for Boys' State Fair School	5,000
Construction of permanent and sanitary eating houses to comply with requirements of the State Board of Health	10,000
Construction of children's nursery and play ground, with appurtenances	5,000
Construction of a free grand stand	20,000
Reconstruction of seating capacity of the Coliseum	5,000
Construction of sub-way under race track and lowering infield, for parking automobiles	25,000
New sewer to comply with agreement with the city of Springfield...	2,500
Grand total	$179,200

Mr. Heide moved that the report of the committee be accepted and referred to the secretary for such use and disposition as may be necessary to make of it, in compliance with the requirements of the law, which motion received a second and was carried unanimously, every member present voting aye.

Mr. Prather asked the board to pass a resolution authorizing the proper officers to borrow money to meet outstanding obligations.

Mr. Woods moved that the officers of the board be authorized to borrow $10,000 and offered the following resolution and moved its adoption:

WHEREAS, The State Board of Agriculture is in need of funds to defray the general expenses incurred in conducting the business of the board; therefore, be it

Resolved, by the State Board of Agriculture of the State of Illinois, That the president, secretary and treasurer of said board be and are hereby authorized and empowered to borrow a sum of money not to exceed $10,000 and to execute therefor the note or notes of said State Board of Agriculture, to be signed in its corporate name by its president, countersigned by its treasurer and attested by the hand of the secretary, with or without its corporate seal;

Resolved, That the said note or notes may be due on demand or at any time after July 1, 1915, and may be payable on or before maturity, as the said officers and the person or persons making said loan may agree; and the same may draw interest at such rate as the said officers and person or persons making said loan may agree: *Provided*, that the said rate shall not exceed the rate allowed by law to be contracted for.

Mr. Woods' motion was seconded, and on call of the roll, all the members present, 17, voted aye.

Mr. Heide suggested and made as a motion, that since the item of providing for the care of children at the State Fair has been included in the budget, a committee be appointed to look into this matter of providing playgrounds and arranging for the care of the little ones at the fair, which motion received a second and was carried.

Mr. Hopkins appointed as such committee Mr. Heide and Mr. Wilk.

The Judiciary Committee presented the following as their report in the matter of the letter from Mr. Chas. L. Laws:

"GENTLEMEN: We report that from information obtained in regard to this claim, we submit that there is no legal liability against this board.

(Signed) MARTIN CONRAD,
B. M. DAVISON."

Mr. Madden moved that the report be received and placed on file and the party notified, which motion received a second and was carried.

On motion, the board adjourned.

DEPARTMENT OF AGRICULTURE,
Springfield, Ill., January 5, 1915—10 a. m.

The board was called to order by Mr. C. M. Woods, and there being no quorum present adjournment was taken to 10 o'clock a. m., Tuesday, January 12, 1915.

DEPARTMENT OF AGRICULTURE,
Springfield, Ill., January 12, 1915—10 a. m.

The board was called to order by Dr. Montgomery, who stated that this was the last meeting for the old board and he believed all the members who were in the city were present, and asked that the roll be called.

On account of the illness of the secretary, J. K. Dickirson, Mr. Lindley, chief clerk, acted as secretary.

On call of the roll the following members answered to their names: Messrs. Heide, Cooper, Mares, Miller, Wilk, Davis, Dike, Madden, Taggart, Thornber, Aten, Hopkins, Taylor, Davison, Burke, Woods, Culp, Marshall, Shaw, Goodall, Montgomery, and Anthony—22. Absent: Messrs. Conrad, Robertson, McComb, Rehm, and Skiles—5.

The minutes of the meeting of the board October 21, 1914, and of adjourned meeting on the 5th inst., were called for and read by the secretary. One correction was made on motion of Mr. Wilk, in the report of the amounts asked for in the budget, i. e., the amount necessary for repairs to the Exposition Building was $2,500, not $25,000.

Mr. Wilk also made a motion that the secretary be authorized to notify the chairman of the Legislative Reference Bureau of this change and ask that the same be corrected on the copy of the budget filed with him, which motion received a second and was carried.

The reading of reports of superintendents was then taken up, and the secretary read the report of Mr. Heide for Class A, Section I, Beef Cattle.

President Montgomery asked if each report should be considered and passed upon or should they be read and such action taken later.

Mr. Heide moved that in the event no objection was raised to a report as it was read that they all be adopted without formal action, which motion received a second and was carried.

President Montgomery said that with the consent of the board, reports would be heard in regular order.

Then followed in order, reports from:

Class A, Section II, Dairy Cattle, Geo. H. Madden, superintendent. Report read and placed on file.

Class B, Section I, Heavy Horses, H. B. Taylor, superintendent, made verbal report. Everything went off smoothly, judging satisfactory and one of the best shows we ever had. Will forward written report to the secretary later.

Class B, Section II, Light Horses, J. K. Hopkins, superintendent. Report read and placed on file.

Class B, Section III, Jacks and Mules. The tabulated statement was filed by Mr. Thornber.

Class B, Section IV, Speed. Mr. Burke stated that his report as Superintendent of Speed was a part of the financial statement.

Class C—Sheep. Tabulated statement filed by Mr. Thornber.

Class D—Swine. Report was read for Mr. Culp, by the secretary and placed on file.

Class E—Poultry. Report was read for Mr. Cooper, who was not present, and placed on file.

Class F—Mechanic Art. Report of Mr. Wilk was read and placed on file.

Class G—Farm Products. Report of Mr. Taggart was read and placed on file.

Class H—Horticulture. Report of Mr. McComb was read and placed on file.

Class I—Floriculture. Report of Mr. Taggart was read and placed on file.

Class K—Textile Fabrics and Art. Report of Mr. Miller was read and placed on file.

Class L—Education. Dr. Robertson being absent, no report was presented.

Class M—Machinery. Report of Mr. Dike was read and placed on file.

Class N—Dairy Products. Report of Mr. Mares was read and placed on file.

Class O—Culinary. Report of Mr. Davis was read and placed on file.

Mr. Hopkins, chairman of the Evening Horse Show Committee made a report which was received and placed on file.

Mr. Goodall, General Superintendent, made a report which was received and placed on file.

There was no report from Mr. Woods, Marshal of the Ring.

There was no report from Mr. Rehm, Superintendent of the Coliseum.

Mr. Davison, Superintendent of Gates made a report which was received and placed on file.

Mr. Anthony, Superintendent of Tickets and Admissions presented a statement covering the work of his department, which was received and placed on file, and made a verbal report recommending some changes which his experience suggested.

Dr. Robertson came to the board room at this time and on being called on for his report stated that he had left it at the hotel. Said he wanted the board to take care of the Boys' School and would present his report later.

Mr. Aten, Superintendent Permits and Privileges, presented a report which was read and placed on file.

Mr. Davison, Superintendent Transportation, presented a report which was read and placed on file.

There was no report from the Superintendent of the Woman's Building, Mr. Conrad.

Mr. Marshall, Superintendent Grand Stand, made a report which was received and placed on file.

Mr. Anthony, Superintendent Members' Restaurant, made a report which was received and placed on file.

Mr. Goodall, Superintendent of Forage, made a report which was received and placed on file.

Mr. Woods made no report as auditor.

A report from the Domestic Science School for Girls was read and placed on file.

A report from Dr. F. A. Laird, official veterinarian of the State Fair of 1914 was read, received and placed on file.

President Montgomery said he had hoped that some of the superintendents in their reports to the board would refer to the work done by the Official Veterinarian, whether it was approved and helpful, or not, but he had not noticed any mention of it.

Mr. Taylor, superintendent of Heavy Horses, spoke of the assistance this work had been and was in decided approval of it.

Mr. Hopkins moved that a vote of thanks be given Dr. Laird for his work, which had been so successful and so pleasing to the patrons of the fair, and that the secretary be instructed to write to Dr. Laird a letter of appreciation, which motion received a second and was carried, unanimously.

The report of the treasurer, Mr. Prather, was received and filed.

The secretary's report, with inventory of property, both real and personal was presented. The report, but not the lists of property, read and the whole placed on file.

The report of the auditors, Robinson Masquelette & Co., Chicago, made by Mr. W. H. Horine was read.

President Montgomery said if there were no remarks, the report, as read, will be printed in the annual report of the board.

Mr. Burke at this time made a verbal report of the Speed Department, as follows: "The general average of the department was very satisfactory. While 1914 was a most severe year on race horse men our entries were up to the average of former years and the races were first-class in all respects, and I do not feel that the auto races in any way interfered with the race program.

The suspensions were exceptionally large, on account of money conditions generally prevailing, amounting to $3,290, of which $628.50 has been collected since the fair.

In all, the American Trotting Association paid us from suspensions during 1914-15	$ 1,113 50
Received from tin cup records	70 00
Received from score cards	391 65
Received from entrance fees	10,105 48
Total receipts	$11,680 63

A tabulated statement of receipts and expenditures is in the hands of the secretary.

The secretary offered to read the report of the Committee on Rules, on which Mr. Miller moved that this be made a special order of business for 2 o'clock this afternoon, which motion received a second and was carried.

The secretary then read the report of the special committee on the purchase of the Lincoln Home, which was received and placed on file.

The secretary read the report of the special committee on children's playground on the State Fair Grounds.

Mr. Heide, chairman of said committee arose to make an explanation of this report. He stated that the paraphernalia might be rented for $100 annually, or purchased outright for $460 to $500.

On being questioned as to a site for this new feature he said there was a space back of the Woman's Building, about 75 by 140 feet which it was thought by the committee would be a suitable location.

Mr. Miller moved that this matter be taken up by the board under the head of new business, which motion received a second and was carried.

Mr. Miller moved that the board take a recess until 2 o'clock p. m., which motion received a second and was carried.

Annual Board Meeting of January 12, 1915—Afternoon Session.

Representatives of three Illinois fairs whose share of the State appropriation had been withheld on account of what appeared to be a failure to comply with the requirements of the law relative to the exhibits for which they had offered premiums at their respective fairs, appeared before the board and explained the conditions and asked for the said proportionate share of the appropriation be paid them:

Mr. Patton, of the Atlanta (Logan County Fair), Atlanta.

Mr. B. F. Baker, president of the LeRoy Fair, LeRoy.

Mr. Ralph Allen, of Delavan, representing the fair in that place.

W. O. Ireland, secretary of the Peoria County organization.

President Montgomery asked permission of the board to introduce members of a committee from the Legislature who would like to be present when the discussion of the foot and mouth disease was had.

Mr. Hopkins said if the gentlemen were here, why not take that matter up now and have them come in.

President Montgomery said the consideration of the county fair matters had been heard and recorded and could be taken up and disposed of later if the board so desired.

Mr. Wilk moved that the discussion of the foot and mouth disease be taken up at this time, which motion received a second and was carried.

In order to bring the subject before the board properly for discussion, a resolution was offered by Mr. Heide and read by the secretary, as follows:

Owing to the numerous outbreaks of foot and mouth disease in many sections of Illinois, a scourge that if permitted to gain further headway would not only destroy confidence in the future of an important industry, an industry without which there can be no successful agriculture, but would actually endanger the prosperity of this great nation; be it

Resolved, That the Illinois State Board of Agriculture pledges itself not only to uphold the hands of the authorities in an effort to prevent a further spread, but that the members also individually pledge themselves to do all in their power to help stamp out quickly, thoroughly, effectively and permanently this loathsome scourge of Europe.

President Montgomery said, "You have heard the reading of the resolution, what is your pleasure, gentlemen"?

Mr. Madden moved the adoption of the resolution, which motion was seconded.

Dr. Robertson said he would like to hear from the offerer of the resolution.

Mr. Heide said that if objections were raised to the passage of the resolution, he would be glad to make reply to such objections if the attack necessitated such reply. He thought the resolution was clear enough as to its meaning and further stated that this is just another way of saying that we are in favor of upholding the laws of the State and having them enforced as they exist, and said also, "You all must admit that this is a serious situation; sheep and swine too, are in danger of infection."

Dr. Robertson spoke at length, among other things saying he did not think this board should take action advocating the killing of cattle and said he desired to move an amendment that the president of this board appoint a committee of as many as he may deem advisable to cooperate with the efforts now being made, to stamp out this disease.

Mr. Heide again spoke in favor of the resolution, saying, "I hope you men interested will vote to uphold the laws as we find them on the statutes of the State of Illinois."

Mr. Davis said, "I believe we ought to uphold this resolution. I for one shall vote for it."

Dr. Robertson said he was not objecting to upholding the law.

President Montgomery called Mr. Hopkins to the chair and spoke on the question, emphasizing the serious nature of the trouble and the hardship being put upon the owners of cattle, and favored the appointment of a committee who might go before the Live Stock Commission, learn more as to the conditions and needs and carry this information back to the farmers and so give them more confidence in whatever course of action may be taken for the relief of the present unfortunate situation.

Dr. Montgomery resumed the chair.

Mr. Miller spoke in favor of the appointment of a committee to act in conjunction with the Legislative Committee, and said the board would like to hear from some of the cattle raisers of the State.

Mr. Heide asked Mr. Prather to speak on the subject.

Mr. Prather said as a breeder of Short Horn cattle he had considerable to do with this matter and was wondering what he should do

in case he found the disease among his own cattle. "I would have no more right to try to conceal it than I would to conceal a case of smallpox. I finally decided that even if I carried my cattle through this disease I did not feel that anyone would want to buy them after they had had it. I consulted men at the stock yards, and think that men make a serious mistake in not allowing their cattle to be killed. I don't see how this board could be censured for passing that resolution. I think it nothing more than right you should pass it and also that you should appoint a committee to act with a committee from the Legislature. We must do whatever we can and use whatever seem proper means to stop this disease."

Mr. Madden spoke in favor of the resolution and said the Live Stock Commission were the proper parties to cope with this disease and the board should go on record as supporting whatever they are doing to combat it.

Mr. Woods spoke of the hardship to farmers in some of the measures that have been taken.

Dr. Robertson withdrew his proposed amendment to the resolution, agreeing to the substitution of the words "in any effort" instead of "in their effort."

The secretary read the resolution once more and on the vote being called for it was carried unanimously.

Dr. Robertson moved that a committee be appointed by the chair to cooperate with the authorities or any legislative body to assist in this work.

Dr. Robertson's motion received a second and on call for a vote was carried.

Dr. Montgomery appointed as such committee Messrs. Robertson, Heide, and Taggart.

Representative Shurtleff was introduced and spoke more particularly regarding the conditions in Northern Illinois. His remarks on the situation were interesting and enlightening, for which President Montgomery thanked him in behalf of the board.

Mr. Devine, another member of the present General Assembly was introduced, and said as a representative of the farming district in the locality of Dixon he had become acquainted with this trouble as related to farmers, some of them tenants whose whole possessions are their herds of dairy cattle. He read two telegrams he had received, one from the Sterling Standard and the other from the Sterling Gazette.

Dr. Robertson introduced Dr. Blair, Superintendent of Public Instruction, who asked the board to name a time when they would hear from the boys to whom medals were to be given.

On motion of Dr. Robertson, the board voted to meet at 8 o'clock p. m. for this purpose.

Mr. Miller moved that the consideration of county fair appeals be taken up in the order of new business. Duly seconded and carried.

Mr. Madden moved that the report of the Committee on Rules be referred to the new committee, when appointed, and to the approval of the incoming administration, which motion received a second and was carried.

Reports of standing committees being in order the secretary read the report of Committee on Attractions, Mr. Marshall, chairman.

Reports from all standing committees were called for but none received except the Finance Committee, Mr. Hopkins, chairman, whose report is that given by Mr. Horine, the expert accountant.

The secretary presented a bill or claim of $15.94 from W. E. Miller and E. H. Wells, of Libertyville, Ill.

Mr. Taggart was asked to speak on the subject, and did so.

Mr. Madden read section 8 of the "Rules and Regulations," (see page 16, premium list), and moved that the bill be placed on file, which motion received a second and was carried.

The secretary read a letter from James B. Clow, of Chicago, in regard to drinking fountains which had been ordered for the 1914 State Fair and which did not arrive in time for use and are stored at the fair grounds.

Mr. Goodall moved that the fountains be accepted and be paid for the 1st of September next, provided they are found to be in good condition. This motion received a second and was carried.

The secretary presented a bill from R. H. Armbruster for tents, and stated that Mr. Goodall, the general superintendent, has declined to O. K. the same on account of the price having been raised.

Mr. Goodall was called on for information on the subject and said he would suggest that the incoming general superintendent see Mr. Armbruster and fix the matter up.

Mr. Wilk said he would like to amend Mr. Goodall's suggestion, and moved that this bill be referred to the incoming Finance Committee, which motion received a second and was carried.

The secretary read bills from the Maurer Ice Co. which had not been paid because the charges seemed exorbitant.

Mr. Madden moved that this bill be referred to the Finance Committee, which motion received a second and was carried.

The secretary brought up the matter of protested check of A. T. Shaw and protested checks turned in by the Department of Permits and Privileges.

Mr. Aten explained that all those in his department had been paid except $47, and he moved that a warrant be made to reimburse the treasurer for the loss of this amount, which motion received a second and was carried.

Mr. Hopkins was called to the chair.

The secretary read a request from Jerome Leland for a reduction of the rental charged the Illinois Poultry Association for the use of poultry coops.

Mr. Goodall moved that the board accept $150 for the rental of the coops this year, which motion received a second and was carried.

The secretary read a letter from E. D. Moore, of Columbia, Mo.

In explanation, Mr. Hopkins said the letter was not entirely correct in its statements, and related the facts in the case. He recommended reimbursing Mr. Moore 5 per cent on the payment, but nothing more.

Mr. Hopkins moved that Mr. E. D. Moore be paid $40, the amount that he had paid in and did not show, which motion received a second and was carried.

Dr. Montgomery resumed the chair.

Mr. Davis explained the case of Mrs. C. M. Evans, of Galena, who had sent her goods to him to place on exhibition and through mistake or misunderstanding, her cakes and cookies were not returned to her.

President Montgomery assured him he thought he had handled the case commendably.

The secretary read a letter from D. H. Emery in regard to claim for seats paid for to the Night Horse Show, said payments having been in excess of charges made to others.

The secretary read letters from Manning J. Thomas.

Mr. Thornber moved that the secretary be instructed to issue warrants to these people for the prices paid in excess of charges made to others for seats of similar character, on the production of proper evidence.

Mr. Madden made further explanation of the situation and conditions from which this over-payment arose.

Mr. Prather said that some other people had made similar claims, and his assistant, Mr. Groves, had some money available for the payment of such claims and these might be settled as others had been, without a special order from the board.

Mr. Thornber withdrew his motion.

Mr. Madden moved that the secretary write these various persons, advising them to write to Mr. Prather, who upon satisfactory evidence will reimburse them, which motion received a second and was carried.

The matter of State appropriation for the benefit of county fairs, which was withheld, was again brought up.

Mr. Madden said this question seems to be a matter for the board to decide as to paying these claims. "We have an opinion from the Attorney General and I move that the matter be referred to a committee of three to be appointed by the Chair, with power to act."

Mr. Madden's motion received a second and was carried.

As such committee the Chair appointed Messrs. Madden, Wilk, and Culp.

Mr. Burke having returned to the room, Mr. Madden asked him if there was a suspension order against that protest check, for $37.29, and moved that the secretary be authorized to draw a warrant to reimburse the treasurer for the said amount—the protested check of Mr. H. T. Shaw for $37.29. This motion received a second and was carried.

Mr. Aten brought up the subject and recommended screened-in eating houses on the fair grounds, referring this matter to the consideration of the new board.

Mr. Anthony asked the indulgence of the board and spoke of his desire to thank the members for what they had been to him and done for him, expressing his appreciation of the honor of having been their president.

President-elect Hopkins called upon retiring President Montgomery for his farewell address as president.

ADDRESS OF PRESIDENT MONTGOMERY.

Gentlemen of the Illinois State Board of Agriculture:

The end of all human associations, both pleasurable and regrettable, must come. Achievements we have attained, whether they be prominent

or mediocre, must sooner or later be gone over, if at all, in retrospect, and in this democratic organization of ours, it is well that it should be so, and I wish at the beginning of this, my final address as president of this historic association, to reassure you of my appreciation of the honor conferred upon me by you two years ago, and to thank you for the loyal support and much appreciated advice rendered during what seems to me, to be the shortest two years of my life. Coming as I did into the office of president at a time when the board had already achieved a prominence that ranked higher than any other organizations of its kind, and had crystalized the best thought and methods that were to be obtained from observation and personal experience into a concrete form, it has been an easy matter for me to quietly observe the progress of the craft.

I have on two former occasions prepared addresses in which I tried to forecast suggestions that seemed to me to be conducive to the best interest of our continued growth and development. At this time, however, I shall leave it to my successor to make any suggestions or recommendations that he may cherish in his mind relative to the best policies to be pursued for the next two years, assuring him of my hearty support and cooperation wherever desired. I will confine my remarks to some deductions from the sum total of my experience and observations during my connection with the board. I have in former addresses pointed out what I believe to be true; that is, that of all of the boards that are operated, or partly operated, by the State, this is by far the most democratic, being to all intents and purposes direct from the people who are interested in agriculture as a means of livelihood, directly or indirectly. Never, since its inception, has it been invaded by the methods of partisan politics, or been dominated by professional politicians or cliques, never having been the tool or the ally of any class of citizens to the disadvantage of any other.

I am very sorry to say that within the past two years there seems to me to have sprung up an opposition to the board, which seems to threaten its life, and to defeat the very objects for which it was created, viz: the cooperation of real agriculturists for the advancement of agriculture in all of its varied phases, by those who from choice have taken it, or its allied interests, as a calling.

The Illinois State Board of Agriculture embraces not only the products of the soil, in its subjects for investigation, but the mechanic arts as well, and it should be, as it is, composed of scientific as well as practical men, that they, working together, may assist and instruct each other, and produce better results than either class could do working alone.

It has been charged that this board is of no benefit to the average farmer, and that the people, as a whole, are not benefited. To make this statement betrays either a lack of knowledge or a disposition to pervert the truth, as can be demonstrated to any intelligent man or woman who will come to the annual State Fair (and this is what has been especially attacked) and pass from one exhibit to another, which are under the direct executive control of the various superintendents of the board selected after a careful study of their fitness and qualifications for the department to which they are assigned, and the board represents amongst its number some recognized experts, in the departments over which they have general supervision. These superintendents have absolute authority to select the best judges and teachers to pass on the merits of the various exhibits, or to impart instruction to those seeking advice. No such a laboratory of valuable information pertaining to agriculture in all of its departments, can be found in any other State Fair in the Union, and no intelligent person can come to this fair and make even a casual examination of the exhibit and not go home a wiser man or woman, and better qualified to promote his or her own interests, and support their dependencies.

Every department in live stock and machinery is a school within itself, and the visitor has the opportunity to come directly into contact with the breeders or their approved representatives, and to examine and ask questions, and receive first hand information from those who have produced the specimens exhibited. The Illinois State Board of Agriculture has always recognized that its function is to teach, and the greatest argument settler of different methods is that of comparison. Two bull dogs may be built on entirely different lines representing different strains of blood and

training, but the only way to settle the dispute is to let them fight. The best dog will win. Different theories of breeding at long range will never settle which is the best breed of horses. They must meet in the show ring, or on the race track. So it is in every department of agriculture. We must compare the results, one with the other, or with an arbitrary fixed standard, as with chickens, corn, etc., to determine which is the better. Then, how can the farmer, the stock raiser or the machinist, fail to be benefited by this annual exhibit.

Seventeen years ago the board recognized the value of the proper preparation of food-stuffs, in order to produce the best results in the human family, as well as animals, to build up a strong and happy people. We must teach those who are entrusted with this important vocation how best to prepare the various articles that enter into our daily ration, and to balance that ration, so that every meal will represent in proper proportion the food elements necessary to maintain the highest standard of animal activity and promote in the young a proper growth of both body and mind. The School of Domestic Science is composed of two young women (madams or misses) from each county in the State, who come for a term of two weeks, and are under the control of what is termed, "The Board of Lady Managers," appointed by the president, whose duty it is to conduct the school by employing the very best teachers in domestic and household science, in the preparation of food, as well as the dangers that come from ignorance of such knowledge. Of this school the board is pardonably proud. The results have been so satisfactory that the school is crowded, and more room should be provided, and the possibilities of a larger class assured. If this is not of value to the farmers of the country, what could benefit them? The influence of two girls or young women, who go back to each county obligated to teach their neighbors, and to attend the county farmers' institutes, and read papers on the science of cooking and general household science, cannot be computed, and now, after 17 years, 34 such pupils should have gone forth to each county disseminating their useful knowledge to their friends and neighbors, until there can now be found a uniformity in the preparation of food the State over.

The Illinois State Board of Agriculture was the first to see the necessity of organizing a State Fair School for Boys. The example has been followed by several other states. This school, under its present superintendent, has attained a standard of usefulness that cannot be estimated, and the school is only in its infancy, and gathers from every county in the State three boys, whose course of study is supervised by the State Superintendent of Public Instruction, in cooperation with the board's superintendent and the Agricultural Department of the University of Illinois. Can any money value be placed upon such an opportunity as this to the farmers' sons?

It behooves this board, composed as it is of as good men as there are in the State, from every congressional district, elected by the people, who work without salary, prompted by a patriotic spirit, to prepare a condensed statement of the facts pertaining to the board, its history, its comparative progress, its standing amongst institutions of its kind, and present them to every member of the Legislature, showing the falsity of the charges, and inviting comparison with other forms of government for such boards, pleading with them not to destroy the last truly democratic organization in the State, but rather to encourage it.

Mr. Hopkins said there was a matter which they desired to attend to at this time. The board desired to show their appreciation to Dr. Montgomery for his services in the past, and requested that Mr. Davison at this time present him with a grandfather's clock, as a token of their esteem and appreciation, to which Dr. Montgomery replied as follows:

Mr. Chairman and Members of this Association:

Upon such a time as this, and there have been few of them come to me, I do not know what to say. It is not necessary, I assure you, that I have any physical or tangible object in my presence to remind me of this board or its associations. There is an indelible record in my mind and in my heart of the associations which I have had in the past ten years which will

never need refreshing even by looking at this beautiful clock. I never had a thought that I would ever be the owner of an instrument of that kind. I have admired the "Grandfather's Clock" and almost envied those who possess them. It never occurred to me that I would ever possess one of them, but from the bottom of my heart I wish you all prosperity and agree to accept it and keep it as long as I live.

Messrs. Montgomery and Goodall were appointed as a committee to present the cane to Mr. Dickirson, retiring secretary, on behalf of the members of the State Board of Agriculture. The committee reported that Mr. Dickirson accepted the cane and stated that he valued it more than any present he had ever received in all his life—not for its intrinsic value, but for the value of the friendship of the donors who have surrounded him in the past twenty years. That it would recall the many pleasant relations that have existed between himself and the donors; that he would take pleasure in carrying this cane to his home in Lawrenceville and that it is his intention to show it to Mrs. Dickirson first of all, and that afterwards he expected to carry it down town and tell his friends of the many pleasant relations that had existed between himself and the members of the board. He requested the committee to thank the president and secretary and members of this board and it was one of the regrets of his life that he was not able to be at this, the last board meeting, where he could tell each and every member and officer of the Illinois State Board of Agriculture just how he felt and how much he cared for and cherished their friendship.

The following resolution was offered by Mr. Heide, seconded by Mr. Goodall, was passed by a rising vote and the secretary instructed to prepare and send a copy of the same to Mr. Dickirson:

WHEREAS, The Honorable J. K. Dickirson, of Lawrenceville, Ill., who was for many years a member of this board—for two years its president and for the past seven years its secretary—having decided to sever his connection with this board and return to his home in Lawrenceville; therefore, be it

Resolved, That this board extend to Mr. Dickirson a vote of thanks for his faithful and untiring services in serving this board in the various capacities; and that this resolution be spread on the records of this board and a copy be engrossed and sent to Mr. Dickirson at his present home in Lawrenceville, Ill.

Mr. Thornber moved that the board adjourn *sine die*, which motion received a second and was carried.

CLASS A—CATTLE.

SECTION I—BEEF BREEDS. B. H. HEIDE, *Superintendent.*

To the President and Members of the Illinois State Board of Agriculture.

GENTLEMEN: In presenting my report, it again becomes my duty to call attention to the crying needs of the Beef Cattle Department.

The splendid increase in entries over those of 1913 projected the unsatisfactory housing conditions, in a most forceful manner, on the attention of all visitors to this department. Much dissatisfaction was expressed on every hand by exhibitors as a result of the crowded condition in the brick cattle barn, a condition which prevented visitors from viewing these splendid specimens of the various breeds with safety, and no doubt stood in the way of the men who had brought their animals to our fair at much expense from making profitable sales.

Any one who has witnessed this highly unsatisfactory condition cannot be surprised to learn that several exhibitors positively refused to bring their live stock upon learning that they would either be obliged to house their exhibits under the old conditions or in tents, which so often prove even less satisfactory, especially when both men and animals are exposed to the vicissitudes of the equinoctial season.

It is to be hoped that the great State of Illinois will furnish additional space in permanent structures to the exhibitors in this division so that the existing unbearable conditions can be relieved and the superintendent may feel free to extend invitations to the regular exhibitors at other fairs.

Accompanying this report, and as a part thereof, I desire to submit a tabulated statement setting forth in detail the entries, offerings and awards made in connection with the 1914 fair.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

Lot.	Breed.	Number of entries.											Amount of premiums offered.	Amount of premiums paid.

Respectfully submitted,

B. H. HEIDE,
Superintendent Class A—Section I.

CLASS A—CATTLE.

SECTION II—DAIRY BREEDS. GEO. H. MADDEN, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN: Only once in the history of the Illinois State Fair have the entries in the Dairy Cattle Department exceeded the number received for the fair of 1914.

The annexed comparative statement, compiled by the secretary and made a part of this report, shows the entries, offerings and awards for the past twenty years. From that we learn that in 1912 there were 892 entries, and for 1914 there were 764.

We had thirty-four exhibitors, from ten different states. This comprised 542 head of cattle in the seven dairy breeds. The amount of cash premiums paid was $6,425. In addition to cash premiums paid was a special premium of a farm wagon donated by the Peter Schuttler Wagon Co. of Chicago, which was awarded to R. E. Haeger of Algonquin, Ill., as the Premier Exhibitor of Dairy Cattle, having won the most blue ribbons.

It is needless to say that our accommodations were insufficient. That has been the complaint for many years past. Under normal conditions we should have at least two more barns, the same as we now have, to properly house the exhibits.

The judging was done by R. S. Stevenson of Ancaster, Ontario, Can., and A. L. Haecker of Lincoln, Nebr., and it is very gratifying to be able to say that their work gave entire satisfaction.

The classes were in the ring promptly, according to schedule and at no time during the week were we behind our program.

I have only words of commendation for the exhibitors of dairy cattle at our fair of 1914. I found them reasonable in their demands and a pleasant class of people to do business with.

The Jersey Bulletin and Dairy World, published at Indianapolis, Ind., in its September issue has this to say of the Jersey show at our fair:

"The honors for having the largest Jersey show of the year to date will have to be conceded to the Illinois State Fair held at Springfield last week. The Jerseys were judged on Wednesday, the 23rd.

"There were seven exhibitors with a total of 116 head, and as fine a lot of cattle as has been our pleasure to see this year."

This same comment applies to several of the other breeds, for instance the Guernseys, where seven herds were shown, comprising 106 head of cattle.

The classification seems to be satisfactory to exhibitors and the amount of offerings ought to be, for there is no other State Fair that equals the Illinois State Fair in that regard.

* Twenty dollars of this amount was paid by the Brown Swiss Cattle Breeders' Association for its special.

Respectfully submitted.

GEO. H. MADDEN,
Superintendent Class A—Section II.

CLASS B—HORSES.

SECTION I—HEAVY HORSES. HIETT B. TAYLOR, *Superintendent.*

To the President and Members of Illinois State Board of Agriculture.

GENTLEMEN: As superintendent Heavy Horses, I wish to say that the exhibit in this department in 1914 was a grand show as to numbers and quality.

Below find attached a list of entries and awards for the past twenty years for comparison.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

* $137. 00 of this amount was entrance fees pro rated.

† $200. 00 of this amount was offered by the Percheron Society of America and $200.00 by the American Shire Horse Association.

Respectfully submitted,

HIETT B. TAYLOR,
Superintendent Class B—Section I.

CLASS B—HORSES.

SECTION II—LIGHT HORSES. J. K. HOPKINS, *Superintendent.*

To the President and Members of the Illinois State Board of Agriculture.

GENTLEMEN: In making this my annual report of the Light Horse Department will say that the entries were larger than they had been for the last four years, and of better quality notwithstanding the fact that we took a

lot out of this department to put in the Night Horse Show. This goes to show that this department is improving rapidly. The judging was perfect, therefore, gave entire satisfaction. This is one of the most popular departments of our State Fair and with proper handling will continue to be so.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

FRANK THORNBER,
Superintendent Class B—Section III.

CLASS B—HORSES.

SECTION IV—SPEED. A. M. BURKE, *Superintendent.*

The Illinois State Board of Agriculture.

GENTLEMEN: The general average of this department was very satisfactory. While 1914 was a most severe year on race horse men, our entries were up to the average of former years and the races were first class in all respects, and I do not feel that the auto races in any way interfered with the race program.

The suspensions were exceptionally large, on account of money conditions generally prevailing, amounting to $3,290, of which $628.50 has been collected since the fair.

In all the American Trotting Association paid us from suspensions during 1914-1915	$ 1,113 50
Received from entrance fees	10,105 48
Received from score cards	391 65
Received from tin cup records	70 00
Total	$11,680 63

A tabulated statement of receipts and expenditures is in the hands of the secretary.

Respectfully submitted,

A. M. BURKE,
Superintendent of Speed.

CLASS C—SHEEP.

FRANK THORNBER, *Superintendent.*

Respectfully submitted,

FRANK THORNBER,
Superintendent Class C—Sheep.

CLASS D—SWINE.

JOHN S. CULP, *Superintendent.*

To the State Board of Agriculture.

GENTLEMEN: I submit herewith my report as superintendent of Class D.

The new Swine Pavilion has more than met the expectations of the exhibitors and visitors especially interested in the exhibit of swine. The exhibitors in this department, without exception, expressed themselves as perfectly satisfied with the pens, the show rings, and the accommodations for the herdsmen, the feed and the shipping crates.

The swine exhibit of 1914 exceeded that of the previous year by 176 head and all the pens were occupied.

It was generally conceded that in the matter of quality, the 1914 exhibit of hogs was by far the best ever made at the Illinois State Fair.

Judges who passed upon the exhibits at the World's Fairs held at Chicago and St. Louis, stated that for quality our 1914 exhibit of swine was not surpassed by the entries at the two universal expositions named.

There were some cases of cholera among the hogs on exhibition, but no serious loss was sustained owing to the vigilance of the State Veterinarian and his assistants. Every animal exposed or showing any sign of disease, was promptly placed in quarantine.

The best interests of exhibitors and visitors would be served by the erection of toilet rooms between the horse and forage barns.

The College of Agriculture, University of Illinois, made a very instructive and high class exhibit of the various breeds of swine.

‡ Of this amount the American Poland-China Record Association offered $450 and paid $427.50 and the American Berkshire Congress offered $600.00 and paid $596.80.
* Live Stock World offered and paid $270.00 for Poland-China futurity prizes.
† Live Stock World offered and paid $542.00 for Poland-China futurity prizes.

Respectfully submitted,

JOHN S. CULP,
Superintendent Class D—Swine.

CLASS E—POULTRY.

GEO. H. COOPER, *Superintendent.*

To the Honorable State Board of Agriculture, Springfield, Illinois.

GENTLEMEN: I am pleased to submit herewith my report of entries, offerings and awards of Class E—Poultry, Illinois State Fair of 1914.

The total number of fowls on exhibition was not as great as the 1913 show. However, the exhibition was of a much higher class and the main poultry house was well filled.

In my last year's report, Mr. O. L. McCord, who has been in charge of the department ever since I have been superintendent, recommended that we charge an extra fee of 50 cents per fowl and $1.50 per breeding pen. The following figures will show that it was a success in every way:

The total amount of cash premiums offered was $3,442. The total amount of cash premiums paid was $1,570. The total amount of cash premiums paid at the 1913 show was $1,850.50. This makes a difference of $280 less cash premiums paid in 1914 than in 1913.

That the 50-cent entry fee was a success is proven by the following figures: There were 182 exhibitors, amount $364; 1,049 fowls at 50 cents each, $524.50; 148 breeding pens at $1.50 each, $222; making a total of cash entrance fees of $1,110.50. The total amount of expense for running the department was $608.61. I want to call your attention to the fact that the entrance fees paid all the expenses of the department and left a balance of $501.89.

Our 1914 exhibition was praised by the Poultry Press all over the United States. The write-up of this affair had over a half million circulation and some of the leading judges and editors of poultry papers said it was one of the best, if not the best, State Fair poultry show in the United States.

There is only one thing I wish to suggest and that is, we should have more room for the display of the show.

Respectfully submitted,

GEO. H. COOPER,
Superintendent Class E—Poultry.

CLASS F—MECHANIC ARTS.

LOUIS F. WILK, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN: The report for Class F—Mechanic Arts for 1914 will not be quite as favorable as last year, owing to the slight falling off in exhibits.

The receipts of the department amounted to $2,155.65 or about $200 less than for the year previous.

At the October meeting of the board I called the attention of the board members to the inadequate fire protection. Having gone into details at that time I do not feel that it is necessary to repeat the same now. I only desire to impress upon the board the necessity of making the improvements suggested.

Attached is the usual statement of the number of entries, etc., in this department for the recent State Fair, which is made a part of this report.

Respectfully submitted,

LOUIS F. WILK,
Superintendent Class F—Mechanic Arts.

To the State Board of Agriculture.

GENTLEMEN: Your judges in Class F—Mechanic Arts, have awarded silver medals to the following exhibitors:

Kalamazoo Specialty Co., Kalamazoo, Mich., for clothes drier.
H. A. Barnes, Springfield, Ill., for ever-ready bed.
The Feeny Mfg. Co., Muncie, Ind., for sweeper.
Monitor Stove & Furnace Co., Cincinnati, Ohio, for furnace.
F. E. Goodall & Son, Park Ridge, Ill., for manufacture of silk ties.

Respectfully submitted,

HATTIE B. WILK,
MARGARET E. DAY,
WILL H. YOUNG,
Judges.

CLASS G—FARM PRODUCTS.

J. E. TAGGART, *Superintendent.*

To the President and Members of the Illinois State Board of Agriculture:

The number of exhibits in this department fell short a little this year and all owing to the drouth the past season, which entered into this department very materially. Yet with a seasonable and average year, Illinois will again fill up the Dome Building.

The Relics Department still continues to be an interesting and instructive corner in the Dome Building, and the patrons of the fair find many things well worth investigating.

Attached you will find a list of entries and awards for a number of years, compiled by the secretary.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

Respectfully submitted,

J. E. TAGGART,
Superintendent Class G—Farm Products.

CLASS H—HORTICULTURE.

JAMES J. MCCOMB, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN: I beg leave to submit the following report of the exhibit in Class H—Horticulture, at the State Fair of 1914.

The exhibit in this department at the last fair, was of fine quality, and would have been much larger, but for our old complaint, lack of space.

Hoping the time may soon be here when we may have a new building to house two or three exhibits, to wit: Horticulture, Floriculture and Farm Products. A suitable building, I am sure would improve said exhibits in every way, while they do the best they can under the circumstances, the plan that is now in operation, certainly holds back these exhibits.

Attached hereto and made a part of this report is a tabulated statement giving the entries, offerings and awards of the Horticultural Department for the past thirty-six years.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

Lot.	Exhibit.	Number of entries.	Cash premiums.

Respectfully submitted,

JAMES J. MCCOMB,
Superintendent Class H—Horticulture.

CLASS I—FLORICULTURE.

J. E. TAGGART, *Superintendent.*

To the President and Members of the Illinois State Board of Agriculture:

Your superintendent of floriculture begs leave to make the following report:

The increased number of 141 exhibits over last year in this department was a surprise to all, considering the drouth, in Central Illinois, which was so detrimental to the amateurs, while the display and quality shown by the professionals was acknowledged by all interested to be unsurpassed by any year in the history of the Illinois State Fair and sets an encouraging precedent for future exhibits.

I would recommend that the superintendent of this department make very material changes in his classifications for the coming year.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

Respectfully submitted,

J. E. TAGGART,
Superintendent Class I—Floriculture.

CLASS K—TEXTILE FABRICS AND AMATEUR ART.

A. W. MILLER, *Superintendent.*

To the Honorable Members of the Illinois State Board of Agriculture.

GENTLEMEN: As superintendent of Department K, I hereby respectfully submit to you the following report of this department for the year 1914. While the number of entries are not as large as the year 1913, the class of exhibits and the articles entered were of a much better and finer grade of goods. This was owing to the fact of having cut out articles which had been entered for exhibit for a great many years and had a tendency to discourage new exhibits for competition.

The addition of space given this department served to make the display one of great comment and congratulation by the public and the parties exhibiting.

I wish to again call the attention of this board to the absolute necessity of having new show cases for the safe keeping of our exhibits. I am very sorry to say that a great many articles were taken or found missing owing to the inadequate safeguard in having show cases that could be properly and safely locked.

I hope that the committee appointed will take recognition of this request and secure proper cases for this department.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

Respectfully submitted,

AUGUST W. MILLER,
Superintendent Class K—Textile Fabrics and Art.

CLASS L—EDUCATION.

JOHN DILL ROBERTSON, *Superintendent.*

To the State Board of Agriculture:

GENTLEMEN: I beg to submit the following report:

The exhibits in the department surpassed those of previous years. One new and especial attraction was the health exhibit. This exhibit was arranged by Dr. C. St. Clair Drake, Secretary of the State Board of Health, and consisted of several booths. Among the most interesting of these was one showing the death rate for children during their first year. One out of every five children born in Illinois dies before he is one year of age, and this was illustrated in the following manner: A revolving drum carried ten doll-babies, the "grim reaper" kneeling above struck down one out of each five of these, and there was also a large mat placed in front filled with holes indicating the number of deaths occurring in Illinois last year for babies under one year of age. Another interesting exhibit showed the method by which well water is contaminated with sewerage from the barn. Still another showed the flies going from the out-houses into the farm house and onto the table.

The Boys' State Fair School showed a very large attendance, about 20 per cent more than were in attendance last year. The total number of boys was 286, practically every county in the State being represented. The lectures were excellent and the boys attended this course very willingly. I believe the educational value of this department cannot be over-estimated. The Boys' State Fair School Commission with Francis G. Blair as president and Col. Chas. F. Mills as secretary gave very efficient service.

President Montgomery asked this department to have charge of the emergency hospital and the sanitation. A physician and trained nurse were in constant attendance at the hospital and the physician slept in the boys' camp at night for service there if needed. With the aid of the inspectors from the State Food Commission and others appointed by me the sanitary conditions on the grounds were much improved over last year; the number of people reporting sick at the hospital being about 50 per cent less than last year.

Respectfully submitted,

JOHN DILL ROBERTSON, M. D.,
Superintendent Class L—Education.

CLASS M—MACHINERY.

C. F. DIKE, *Superintendent.*

To the Members of the Illinois State Board of Agriculture.

GENTLEMEN: There was quite a falling off in this department of the number of articles exhibited from previous years, owing to the fact that many of the large manufacturers entering into an agreement not to show at any of the state fairs in 1914, the reason given being that the benefits derived did not warrant the expense incurred in making the exhibit. The number of exhibitors was about the same as in former years. In general these exhibits were smaller than in other years, and did not require as much space. A large number of those who had withdrawn did not notify the department of their action, and was not known by the superintendent until

the opening of the fair, it being too late then to re-rent the space. The result of this was, we had quite an amount of space that was not occupied in Machinery Hall and outside, receipts being about $2,000 less than in 1913.

INVENTORY OF ARTICLES EXHIBITED IN THE MACHINERY DEPARTMENT, 1914.

Aeroplane	1	Motor cultivators	3
Automatic Pump	1	Magnet exhibit	1
Autos	93	Mowers	2
Auto truck	1	Manure spreaders	7
Buggies	98	Mixers (grout)	5
Brick and tile exhibit	2	Milking machines	5
Buzz saws	3	Metal garage exhibit	2
Bungalow exhibit	1	Ornamental molds	8
Bromo seltzer exhibit	1	Pumps	126
Corn shellers	10	Post-hole diggers	15
Concrete mixer	1	Pump jacks	18
Corn husker	1	Piano players	2
Corn crib	1	Poultry building fixtures	11
Clover hullers	2	Post molds	7
Play house exhibit	1	Road carts	2
Cemetery arches	2	Red cedar post exhibits	4
Carbon destroyer	1	Riding cultivators	5
Corn harvester	1	Road graders	17
Corn planters	6	Road drags	5
Churns	4	Road levelers	3
Cream separators	7	Spring wagons	10
Childrens wagons	2	Silo model	1
Cement stave silos	2	Steel culverts	19
Corn cutters	2	Safety harness	1
Disc harrows	5	Stock food exhibit	1
Drain tile machinery	1	Platform scales	5
Dump box	1	Silos	10

CLASS N—DAIRY PRODUCTS.

F. M. Mares, *Superintendent.*

The Illinois State Board of Agriculture.

Gentlemen: The Dairy Products Department for the coming year I trust will not be handicapped in its exhibits by the extreme drouth. We encountered such a condition last year but were able to hold entries in the Northern and Central Divisions up to that of other years. The southern division fell off somewhat. I find that we will have to make some minor changes in the Dairy Products Building to accommodate the lecturers and demonstrations which each year is given by the Dairy Experiment Station at Urbana. I feel that these practical demonstrations of milk testing, churning and lectures which are given on these subjects by experts are a great benefit and create a great deal of interest to visitors of the fair. The space which we have available for these demonstrations and lectures and the seating capacity for the audience is far too small and I trust it will not be many years until proper provisions can be made to accommodate these important features which are of great educational value. At the fair of 1914 the United States Dairy Commission sent a very interesting exhibit of charts, photographs and model of a modern dairy barn. The State Pure Food Commission also placed on exhibit a very instructive and interesting display. Both of these exhibits were given free space but I feel that inasmuch as they were presided over by men of experience who gave the public great information that the loss of the space was many times compensated for. In the limited space of the Dairy Products Building we are unable to expand very much taking on new features but I feel greatly pleased to know that this building has been of great interest each year, not only to the people interested in dairy products but to the general public.

F. M. MARES,
Superintendent Class N—Dairy Products.

CLASS O—APIARY, CULINARY AND PANTRY STORES.

W. E. DAVIS, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN: As superintendent of Class O, I feel highly pleased upon being able to make such a favorable report for the year 1914.

Though the number of exhibits fell a little short of those of 1913, especially in the canned goods, that is attributable to the scarcity of fruit.

The quality seems to be improving each year. The exhibitors represent a much wider range of territory, and the feeling of rivalry is very keen, but at all times friendly. The awarding of premiums seems to give general satisfaction.

I would recommend that some improvement be made in the men's toilet adjacent to this department, for at times during the fair the odor therefrom was unbearable, even tainting the exhibits.

Attached hereto and made a part of this report is a tabulated statement giving the entries and awards of Class O for the past twenty years.

ENTRIES, OFFERINGS AND AWARDS, FAIR OF 1914.

Lot.	Exhibit.	Number of entries.	Diplomas.		Cash premiums.

Superintendent Class O—Apiary, Culinary and Pantry Stores.

REPORT OF NIGHT HORSE SHOW COMMITTEE.

To the President and Members of the Illinois State Board of Agriculture.

GENTLEMEN: The Night Horse Show held in the Coliseum on the Fair grounds proved an exceptional success in every sense, except attendance. Even those who make a practice of visiting the various horse shows throughout the country, and who are accustomed to witnessing high-class exhibits, expressed agreeable surprise at the large number of high-class entries that competed for honors in this department at the 1914 Illinois State Fair.

The parades of cattle and heavy horses gave spectacular charm to the show, and the spirited broad-sword contests served to add spice and variety to the pleasing and exceptionally high-class nightly performances.

However, judging from the fact that these splendid performances were so lightly attended, it readily became evident to the committee that if these night horse shows were to be given in the future, it would be necessary to do some missionary work among the citizens of Springfield so that they might lend their co-operation in helping to secure a larger attendance for these shows that should prove really deserving of better patronage and support.

In view of the fact that the Springfield Association of Commerce, in the largeness of its hospitality, annually spends thousands of dollars in staging several free outdoor shows, which really only serve to detract from the attractive window exhibits of its members, and prevent visitors in conveyances from attending to their shopping on the "square," it should not, in the opinion of the committee, be difficult to convince these men that they are really standing in their own light by giving these shows and that by doing so they are detracting from the event that annually brings thousands of visitors and profitable shoppers to their city.

In event that the directors see fit to continue this attractive evening feature of the fair, which surely serves to make our exposition more complete, to say the least, the committee desires to respectfully recommend that action be taken along the lines suggested and that a carefully planned advertising campaign be instituted, whereby special attention would be attracted to this new feature so that the shows of the future might become, as they

should, more renumerative and eventually prove important revenue producing factors in connection with our State Fairs.

Respectfully submitted,

J. K. HOPKINS,
GEO. H. MADDEN,
B. H. HEIDE,
Night Horse Show Committee.

REPORT OF GENERAL SUPERINTENDENT.

JOAB GOODALL.

To the President and Members Illinois State Board of Agriculture.

GENTLEMEN: As your general superintendent I submit below a report of the more important items in regard to the maintenance and care of the State Fair Grounds.

The total expense of maintenance and repairs on the Fair Grounds for 1914 was $23, 538.57. This is in excess of the year 1913 by $1,561.76, which is accounted for by reason of $1,873.98 worth of hay, etc., turned over to this department by the forage department at the close of the fair.

Also, there was expended for paint and painting the Machinery Hall, $2,152.57 and for fire hose, $662.48.

Approximately $2,000 was expended in repairing the electric wiring in the Machinery Hall, Dome Building, Exposition Building and Poultry Building, placing the wires in conduits to comply with the State law. New sewers were laid, at a cost of $663.10.

The city of Springfield completed the laying of a 4-foot instead of a 5-foot sewer, for which this board agreed to assume an expense of $2,500.

On my recommendation the board authorized the building of new fences on the north and west sides, but after a more careful inspection we found that by expending less than half the amount, the old fences could be repaired so as to be almost as good as new, and these repairs were made.

The receipts of this department from the sale of hay, hauling, electric wiring, etc., amounted to $1,695.09 and the rentals $1,179.75, all of which has been turned in to the board's treasury.

I find it a difficult matter to economize in this department, as there are so many buildings that need painting, not only for appearance, but to protect them from rust and decay. As more buildings are erected, we must necessarily expect the cost of maintenance to increase.

There were 136 policemen employed during the State Fair at an expense of $3,898.19. This exceeds the number employed last year by nine and is accounted for by reason of the auto races the first two days of the fair, and the night horse show.

Respectfully submitted,

JOAB GOODALL,
General Superintendent.

GATES.

B. M. DAVISON, *Superintendent.*

To the Members of the State Board of Agriculture.

GENTLEMEN: As superintendent of Gates, I beg to report that this department has been fairly well systematized, but regardless of my efforts to economize, it appears that the expenses increase annually.

I would recommend that some ways or means be provided to eliminate the abuse of the pass system by reason of the same being passed through the fences and being transferred to others. I would also recommend that some change be made in the ticket and pass system. It occurs to me that there are entirely too many different kinds of tickets. This matter should receive serious consideration on the part of the Printing Committee who have charge of getting out the tickets and passes for the coming year.

Respectfully submitted,

B. M. DAVISON,
Superintendent of Gates.

TICKETS AND ADMISSIONS.

GEO. A. ANTHONY, *Superintendent.*

To the Illinois State Board of Agriculture.

GENTLEMEN: I herewith submit the following report of tickets and admissions for the Illinois State Fair of 1914:

Superintendent Tickets and Admissions.

PERMITS AND PRIVILEGES.

W. F. ATEN, *Superintendent.*

State Board of Agriculture.

GENTLEMEN: I very respectfully submit a report of my department (Permits and Privileges) in detail. My department shows a large decrease from the report of last year, which is due mostly to unavoidable causes such as money being tight, extreme drouth over the entire State, with south half bugged and wormed out to the extent that people were reluctant in taking chances and the consequences were we were not able to sell near all of the space formerly sold. Parties that formerly had large space would only take small space. The same causes apply to all percentage contracts.

I recommend the refund of $75, the amount of deposit on a contract for $300 with James Br ss., of Atlantic City, N. J., on account of sickness it being impossible for them to be at our 1914 fair. These people have been

with us each year since 1895 and request their old space for the 1915 fair. We were able to re-sell this space without any loss to the board.

I further recommend that a check stand be made of the dead space in the extreme northwest corner of the Exposition Building, as our room for checking parcels is not adequate to take care of the business offered during the big days of the fair, while the present check stand at the street car gate does not pay expenses of manning.

Very obediently,

W. F. Aten,
Superintendent Permits and Privileges.

TRANSPORTATION.

B. M. Davison, *Superintendent.*

To the State Board of Agriculture.

Gentlemen: As superintendent of Transportation, I beg to report that I have furnished transportation to the several members and officers of this board, amounting to a total of 95,000 miles, at a cost of $1,955.

The above consisted of 33 Western Passenger Association Books and 16 Central Passenger Association Books. There are six Central Passenger Association Books upon which there is a rebate due on each of $5, same being as follows: Book No. 568231, issued July 21, 1914; No. 658455, issued July 24, 1914; No. 637003, issued March 25, 1914; No. 637000, issued March 20, 1914; No. 658458, issued July 27, 1914, and No. 658461, issued August 8, 1914.

Dated this January 1, 1915.

Respectfully submitted,

B. M. Davison,
Superintendent of Transportation.

GRAND STAND.

Thos. S. Marshall, *Superintendent.*

President and Members of Illinois State Board of Agriculture.

Gentlemen: In submitting this report as superintendent of the Grand Stand, I desire again to suggest and emphasize the necessity of an enlargement of the Grand Stand, with the idea in mind that a part of it may be for free seats. Our present facilities are entirely inadequate and I would recommend that a suitable amount for this purpose be added to the amount of our budget submitted to the Legislature.

Repectfully submitted,

Thos. S. Marshall,
Superintendent of Grand Stand.

MEMBERS' RESTAURANT.

Geo. A. Anthony, *Superintendent.*

To the Members of the State Board of Agriculture.

Gentlemen: I beg leave to submit the following report of expenditures for Members' Restaurant, October 10, 1914:

Kiesling Cigar Co.	$ 25 70
Cigars, bought by W. A. Michaels	15 45
Illinois Dairy Co.	17 40
A. C. Brown, flowers	10 50
Geo. S. Connelly Co.	248 27
"Morris Market"	5 23
W. A. Michaels, assistant superintendent	84 00
W. A. Michaels, transportation and hotel	27 70
Help and transportation	417 70
Bread	3 84
Totals	$855 79

Respectfully submitted,

Geo. A. Anthony,
Superintendent.

FORAGE.

JOAB GOODALL, *Superintendent.*

To the State Board of Agriculture.

GENTLEMEN: I submit herewith my report, showing the receipts and expenditures of the Forage Department for the year 1914, as follows:

RECEIPTS.

Total receipts on account of cash sales	$6,832 88	
Forage delivered to Class A, Section 2, Dairy cattle	40 00	
Forage delivered to Class E, Poultry	71 55	
Forage delivered to Game Bird Exhibit	152 15	
Forage delivered to State Fair Fire Department	47 65	
Forage delivered to Marshal of Ring	25 45	
Forage delivered to Night Horse Show	29 85	
Forage on hand at close of fair, delivered to Maintenance Department	1,873 98	
Total amount of sales		$9,073 51

DISBURSEMENTS.

Amount paid for forage	$7,046 39	
Amount paid for conducting department	165 18	
Amount credited to Maintenance Department account hauling, etc.	540 00	
Total amount of expenditures		$7,751 57
Net profit		$1,321 94

Respectfully submitted,

JOAB GOODALL,
Superintendent of Forage.

REPORT OF THE SIXTEENTH ANNUAL SESSION OF THE GIRLS' STATE FAIR SCHOOL OF DOMESTIC SCIENCE.

To the Honorable President and Members of the Illinois State Board of Agriculture.

GENTLEMEN: The idea of the State Fair School of Domestic Science originated in the mind of Mr. L. H. Coleman, of Springfield, who was an officer of the Farmers' Institute of Sangamon County, and was deeply interested in the work and wanted the State to be doing something for its women and girls, and thought of the Fair School. He succeeded in interesting Mrs. H. M. Dunlap, of Savoy, who, on the afternoon of Thursday, January 9, 1896, read a paper on "Household Economy" before the State Farmers' Institute, in the Senate Chamber of the State Capitol Building, at Springfield. At the close of her address Mr. Coleman offered a resolution thanking Mrs. Dunlap for her able paper and moving that a committee of three be appointed to plan some work in the State to be held in connection with the fair. Mrs. Dunlap, Mrs. George E. Maxon, of Morrisonville, and Mr. Coleman were appointed on this committee. On account of ill health Mrs. Maxon declined to serve and Col. Charles F. Mills, of Springfield, was appointed to fill the vacancy. The committee went before the Board of Agriculture and asked for $200 to be used in 1897. The board could not give the amount and the Chicago Record-Herald became interested and sent a woman, Miss Sickles, who had charge of the first year's work, and the school was held upstairs in the east side of the Dome Building. The next year the Board of Agriculture appropriated $200 and Mrs. S. T. Rorer was employed as instructor. The third year the first Woman's Building was erected at a cost of $10,000, given by the Board of Agriculture; $8,000 of which was appropriated by the Forty-first General Assembly for that purpose; and the architect was a Chicago woman. The building was insured for $8,000 and stood where the Dairy Building now stands. School was held in this building in 1899 and 1900, with Mrs. Rorer as instructor. There were 20 girls in attendance in 1899, and 34 in 1900. In 1901 the building burned just after the school opened, and the girls had to return to their homes. There was no school in 1902. In 1903 the Forty-third General Assembly appropriated $25,000, or as much thereof as might be necessary, to be used, in addition to the $8,000 insurance from the first building, for the construction, equipment and furnishing of a

Woman's Building on the State Fair Grounds. School was held in this new building in 1903, with Mrs. Rorer as instructor. In 1904 Mrs. Rorer was at the World's Fair in St. Louis and could not resume her duties at the State Fair School, and her place was taken by Miss Belding, Supervisor of Household Science in the Philadelphia Schools. In 1905 Mrs. Nellie Kedzie Jones was employed as instructor and has been with the school every year since. She has had different assistants in the various departments as the school grew. Miss Harriet Rinaker, Instructor in Household Science at the University of Illinois, assisted her in baking, seven years. Miss Fye, of Kalamazoo, Mich., Trained Nurse, had charge of the sanitation and dormitory work several years. Mrs. Jeanette Miller, of Springfield, had this department two years. Miss Amy Howe, of Chicago, and Mrs. Lena L. Stevenson, of Decatur, each superintended the dining-room work different years. This year, 1914, with Mrs. Jones as Director of the School, Mrs. Lena L. Stevenson, in charge of the baking, Miss Frances Crabtree, Superintendent of the Charleston Sanitarium, as Instructor in Hygiene and Sanitation, and in charge of the dormitory work, and Mrs. J. Y. Shamel, of Gibson City, superintending the dining-room, we had a most satisfactory year. Miss Ruth Nicholson, student of Milliken University, assisted Mrs. Jones and Mrs. Stevenson.

The first woman's board was Mrs. H. M. Dunlap, Mrs. Richard J. Oglesby and Mrs. L. M. Wiggins. The second board consisted of Mrs. Dunlap, President; Mrs. Lucy Rose Carr, Secretary, and Mrs. W. L. Frisbie, of Rockford, Treasurer. The third board, Mrs. Frisbie, President; Mrs. M. B. Perry, of Carthage, Secretary, and Mrs. Harris Hickox, of Springfield, Treasurer. Mrs. Hickox resigned and Mrs. Haskell, of Mendota, was appointed to fill her place. The next board, Mrs. Frisbie, President; Miss Gertrude Doyle, of Winchester, Secretary, and Mrs. Haskell, Treasurer. In 1909 there were appointed three members of the board and a secretary, as follows: Mrs. J. M. Dickson, of Mt. Vernon, President; Mrs. Frisbie, Vice President; Mrs. Haskell, Treasurer, and Miss Doyle, Secretary. In 1911, Mrs. H. E. Pursell, of Kewanee; Mrs. G. W. Lackey, of Lawrenceville, and Mrs. D. P. Cutler, of Rockford, were appointed as board members, with Miss Laura A. Gonterman as secretary. This board organized with Mrs. Purcell, as President; Mrs. G. W. Lackey, Vice President, and Mrs. Cutler, Treasurer. In 1913, Mrs. Pursell, Mrs. Cutler and Miss Gonterman were re-appointed, with Mrs. A. M. Crews, of Charleston, as the new board member. This board organized, with Mrs. Cutler, President; Mrs. Pursell, Vice President, and Mrs. Crews, Treasurer. On account of ill health Mrs. Crews was not able to attend to the duties of her office, and Mrs. Charles L. Lee, of Charleston, was appointed to fill the vacancy.

The length of the school term is two weeks, beginning on Friday of the week before the fair, and closing on Friday of fair week.

PURPOSE OF THE SCHOOL.

The purpose of the school is the training of young women in the better methods of cooking, housekeeping, sanitation, etc., and thereby assisting them to become better home makers, and, above all, to teach them that there is no more honorable calling for women, that they may carry these teachings home with them and be of influence in bettering conditions in the community from which they came. We believe much has been accomplished in these few years, and many homes in Illinois have been helped.

BUILDING.

The present building is arranged to accommodate 102 girls, or one from every county. The basement consists of a large kitchen, dining-room and pantry. The first floor has a reception room, restroom and assembly or lecture hall. The second floor has office, dormitories and baths. The dormitories are furnished with single bed, wash stand and screen to form a cozy corner for each occupant. The third floor, or attic, is used for clothes and trunkroom.

RULES AND INSTRUCTIONS.

Each county is entitled to one representative, or more in case all counties are not represented. Each applicant must procure the signature of the member of the State Board of Agriculture from her district, also that of the president of the Farmers' Institute, or the president of the Domestic Science Association, from her county, and forward application to the secretary of the Woman's Board. No two members of a family, belonging to the same household, will be admitted, and no one will be admitted who has previously attended, nor who is under the age of 18 years or above the age of 35 years. On entering, a fee of $10 must be paid to the treasurer to cover board of pupil. Instruction is free. Each pupil is required to bring her own toilet articles, a napkin ring, a white apron and kitchen aprons, and blanket for a single bed. All pupils must be present at all lectures and lessons and observe all rules of the school. Rising bell at 6, breakfast at 7, lunch at 12, and dinner at 6. No one shall leave the grounds without permission from the office and proper chaperonage, nor leave the building without permission. The school is under the personal supervision of the Woman's Board, who will furnish proper chaperonage for all pupils.

OUTLINE OF WORK.

The girls are divided into five groups for service, viz: Preparing meals, dish-wiping, dining-room work, baking, and dormitory work. Each group chooses a captain from their number, whose duty it is to see that the members of her group are on duty and perform their individual work. In this way all pupils get practical training in all kinds of work pertaining to housekeeping, under the very best instruction.

LECTURES.

There are three lectures daily. One by the nurse, on subjects pertaining to health, hygiene and sanitation, at 9.00 a. m. each day, and by Mrs. Jones, on food subjects, with demonstrations, at 10.00 a. m. and 2 p. m. each day.

EXAMINATIONS AND AWARDS.

Each pupil is examined, on entering, as to her previous opportunities and knowledge of domestic science, and examined, at the close of the term, on the work done during the session. Through the courtesy of the State Farmers' Institute, scholarships to the Household Science Department of the State University will be given to the three making the highest grades who are graduates from accredited high schools or their equivalent, and gold and silver medals to the two making the highest grades not eligible to scholarships. Diplomas are given to all who creditably complete the two weeks' course.

REPORT.

Each girl is required to make a report of the school work at the Farmers' Institute in her county or the county to which she is assigned.

ATTENDANCE.

There had not been above 75 pupils in attendance previous to 1909, when there were 98, representing 33 counties. In 1910, there was an attendance of 110 pupils, representing 45 counties. In 1911 there were 100 pupils, representing 58 counties. In 1912 there were 105 pupils, representing 55 counties, and in 1913 there were 101, representing 55 counties. This shows practically a full school the past five years with many more anxious to attend, but could not be accommodated. More than 58 different counties have been represented but not at one time. We find it much easier to get two girls from a county than one, and feel very sure that if we had a building that would accommodate two girls from each county we would soon have practically all the counties represented.

1914 ENROLLMENT.

Counties.	Pupil.	Post Office
Adams	Miss Josephine Thompson	Payson.
	Miss Wilhelmine Groh	Payson.
Bureau	Miss Mabel Stenholm	Princeton.
	Miss Ruth Johnson	Princeton.
	Miss Janet Bryant	Princeton.

	Miss Nell Bestow	Jeffersonville.
Williamson	Miss Eugenia Borton	Marion.
	Miss Jessie M. Fallis	Johnston City.

Of the 105 girls, 45 were from the farm and 60 from the city or village. Thirty-six finished high school, 45 had normal or college training, 31 had grammar school only. Fourteen specialized in music, 6 had some training in domestic science, 2 in nursing. Four were teachers and 4 in business offices. Practically all had had some experience in house-keeping, either in their own homes or helping mother.

Scholarships to the Household Science Department of the University of Illinois were awarded to the three girls making the highest grades in practical work and final examinations, who were graduates of accredited high school or equivalent, this being necessary to enter the University. The girls receiving the scholarships were Miss Nell Nickell, Fairfield, Wayne County, Miss Jennie Henry, Upper Alton, Madison County, and Miss Margurite Davenport, Carlinville, Macoupin County.

The two girls making highest grades and not eligible to scholarships were awarded gold and silver medals. Miss Helen R. Baird, Moweaqua, Shelby County, received the gold medal and Miss Sarah T. Berkley, Casey, Coles County, received the silver medal.

Total	$1,777 42
Treasurer's receipts	1,077 25
Net cost	$700 17

SPECIAL FEATURES.

The usual social features were enjoyed by this year's class. The sightseeing trip to the State House, Governor's Mansion, Supreme Court Building and Arsenal, Lincoln's Home and Monument, proved to be very enjoyable and instructive. This was followed by a picnic supper in Washington Park, which all appreciated.

The girls attended church in Springfield on the first Sunday and a vesper service was held in the building in the afternoon. On the second Sunday afternoon all attended the lecture in the Coliseum in a body.

The Girls' Domestic Science School entertained the Boys' State Fair Agricultural School on Saturday evening of fair week. An interesting program was prepared for this occasion, refreshments were served and an enjoyable social hour followed.

There were several theatre parties and entertainments given by the girls at the building.

The valuable instruction given in practical class work and lectures, the benefits derived from two weeks close association with girls from all parts of the State and the social and purely enjoyable features, all combined, made a fortnight's time most profitably spent.

Respectfully submitted,

MRS. D. P. CUTLER, *President.*
MRS. H. E. PURSELL, *Vice President.*
MRS. W. W. LINDLEY, *Treasurer.*
MISS LAURA A. GONTERMAN, *Secretary.*

REPORT OF OFFICIAL VETERINARIAN.

F. A. Laird, *Veterinarian.*

To the Illinois State Board of Agriculture.

Gentlemen: I herewith submit the following report as official veterinarian for the Illinois State Fair as follows:

TREASURER'S REPORT.

To the Illinois State Board of Agriculture.

GENTLEMEN: In compliance with the law, I have this day filed with your secretary at Springfield, my report of receipts and disbursements for the past year, which is as follows:

RECEIPTS.

Balance on hand Dec. 24, 1913	$21,156 47	
Warrant for protested check and fees	127 50	
State appropriations	136,181 14	
Notes	10,000 00	
J. K. Dickirson, Secretary	15,407 96	
A. M. Burke, speed	10,988 83	
C. F. Dike, Class M	7,035 02	
W. F. Aten, permits and privileges	17,105 67	
Joab Goodall, forage	6,538 23	
Joab Goodall, electric wiring	235 80	
L. F. Wilk, Class F	2,155 65	
J. E. Taggart, Dome Building	105 00	
F. M. Mares, Dairy Building	255 00	
J. D. Robertson, Boys' School	1,415 00	
Mrs. W. W. Lindley, treasurer, Domestic Science	1,077 25	
Turnstiles at Fair	69,380 75	
Amphitheatre	9,078 75	
Night Horse Show	1,423 00	
Sale of tickets	1,799 25	
Total receipts		$311,466 27

DISBURSEMENTS.

Warrants	$254,573 30	
Premium checks	54,186 59	
Balance protested check and fees (Dept. Permits)	47 00	
Protested check and fees (Dept. Speed)	37 29	
Labor vouchers, December	83 25	
Total disbursements		$308,927 43
Balance on hand Dec. 23, 1914		$2,538 84

A detailed statement of receipts and their source was filed October 3, 1914, and a copy forwarded to each member.

Respectfully submitted,

J. F. PRATHER, *Treasurer.*

SECRETARY'S REPORT.

To the Illinois State Board of Agriculture.

GENTLEMEN: In submitting this my annual and final report as your secretary my aim is to be brief and to the point.

The four regular crop statistical reports have been compiled and those dated May 1, June 20 and August 1 have been circulated, while the December 1st report is now in the hands of the printer.

There were 24 live stock certificates and 109 fertilizer licenses issued during the year of 1914.

All of the fire insurance policies were cancelled and new ones obtained at a reduction in the rate from $3.35 to $2.20 per hundred. The total amount of fire insurance now carried being $215,000 and $208,000 tornado insurance.

During the fair, fire was discovered in the south side of the Coliseum Building, causing damage to the extent of $215, which amount has been paid by the various companies interested. A complete list of the different policies now being carried is contained in the report of Robinson, Masquelette & Co., certified public accountants, who have completed the usual annual audit, in charge of Mr. W. H. Horine.

For your further information I will say that this office has been thoroughly audited, by Robinson, Masquelette & Co., and also by the United States Audit Company of Chicago, who were instructed by the Auditor of Public Accounts, James J. Brady, to audit the affairs of the State Board of Agriculture. Both of these audit companies stated that they were well pleased with the condition and manner in which the records are kept.

RECEIPTS OF SECRETARY'S OFFICE.

The following statement shows the amount of money received through the secretary's office and from what source. This amount has been turned

over to the treasurer in full and receipts for the same are now on file in this office.

RECEIPTS 1914.

1,247 exhibitors tickets at $2.00	$2,494 00
30 exhibitors tickets, Night Horse Show, at $2.00	60 00
294 stalls for beef cattle at $2.00	588 00
58 stalls for nurse cows at $1.00	58 00
420 stalls for dairy cattle at $2.00	840 00
298 stalls for heavy horses	1,250 00
284 stalls for light horses	733 00
75 stalls for mules	255 00
602 sheep pen fees	301 00
1,483 swine pen fees	867 50
1,049 fowl coop fees	524 50
148 fowl pen fees	222 00
15 entries Percheron Futurity, stallions	75 00
13 entries Percheron Futurity, mares	62 00
11 entries, $1,000 Saddle Horse Stake	220 00
8 entries, $500 St. Nicholas Hotel Saddle Stake	200 00
St. Nicholas Hotel guarantee	150 00
24 live stock certificates	48 00
109 fertilizer licenses	2,180 00
Fire loss, Coliseum Building	215 00
Drayage done by custodian	229 35
Old lumber, kindling, etc., sold by custodian	648 94
Rebates account mileage	85 02
Rents	1,179 75
Storage	15 00
Sale of horses	316 95
Special premiums	1,224 30
Return of premium, C. C. Judy	20 00
Protest fees	25 00
Pasture rental	26 00
Forage account	294 65
Total	$15,407 96

The annual report to the Governor, for 1913, was compiled, printed and distributed, in accordance with the law.

At the meeting of this board on October 21, 1914, I was instructed to prepare the following budget for appropriations for 1915 and 1916:

Salary of secretary, per annum	$ 4,000 00	
Salary of chief clerk, per annum	2,400 00	
Salary of receiving and shipping clerk, per annum	1,200 00	
Salary of stenographer, per annum	1,200 00	
Salary of statistical clerk, per annum	1,200 00	
Salary of filing clerk, per annum	1,000 00	
Salary of janitor, per annum	600 00	
On account State Fair, per annum	5,000 00	
On account traveling expenses members, per annum	3,000 00	
On account crop statistics expense, per annum	1,000 00	
On account office expenses, per annum	1,500 00	
On account maintenance, per annum	20,000 00	
Total for 1915		$42,100 00
Total for 1916		42,100 00
Four cattle barns	$20,000 00	
Construction fire escapes, etc., Exposition Building	2,500 00	
Sanitary kitchen for Boys' School	5,000 00	
Sanitary eating houses	10,000 00	
Children's Nursery	5,000 00	
Free Grand Stand	20,000 00	
Re-construction seating capacity Coliseum	5,000 00	
Sub-way under race track	25,000 00	
To which, on instruction of Chairman Hopkins of the Finance Committee, was added for new sewer to comply with agreement with the City of Springfield	2,500 00	
		95,000 00
Total		$179,200 00

This budget was duly prepared and delivered to Finley F. Bell, secretary of the Legislative Reference Bureau, before November 1st, in accordance with the law.

Also, the Springfield and Northwestern Interurban Railway Company was notified in writing, that a certain Quit Claim Deed conveying to said company a right-of-way along the west side of the Fair Grounds was null and void on account of the time of operating cars over the proposed track having expired and the said trains not in operation.

Copy of this notice was mailed to the County Clerk of Sangamon County and a copy filed for record with the Register of Deeds of Sangamon County. Filed by H. S. Woods, Recorder, on October 27, 1914. Book 245 of Mortgages, page 273.

A full report of the receipts and disbursements, together with a trial balance of the ledger, a trial balance of the ledger balances and a trial balance of the resources and liabilities, showing the books to be in perfect balance, is made a part of this report.

The statement of debits and credits of the State Fair of 1914 shows a loss of $20,099.68, which is no doubt due to the increase in expenses of running the various departments, increase in the amount of premiums paid and no increase in gate receipts.

For your further information, to substantiate this conclusion I submit herewith some figures bearing on these items.

In 1909 the expense of the departments was	$38,791 32	
In 1914	58,895 65	
An increase of		$20,104 33
In 1909 the premiums paid were	$56,590 50	
In 1914	81,544 09	
An increase of		24,953 59
A total increase in both expenses and premiums (in six years) in the year 1914, as against the year 1909		$45,057 82
The admissions in 1909 were	$83,551 50	
The admissions in 1914 were	82,752 75	
A decrease in 1914 of	$798 75	
The average expense for the six years, 1909–14 was	$48,132 48	
In 1914, we exceeded the average by		$10,763 17
The average premiums paid for the said six years was	66,055 34	
In 1914 we exceeded the average by		15,488 75
Our total of expenses and premiums paid in the year 1914, exceeded the six year average by		$26,251 92
Whereas the attendance for 1914, was less than the six year average by		3,902 30
Or a difference of		$30,154 22

In my opinion, if the board expects the State Fair to break even, either the expenses and premiums must be reduced or the gate and other receipts increased, or both remedies applied to the extent of the foregoing figures. This conclusion is based on fair weather during the fair and general good conditions all around.

However, there are some expenditures that must be met by the State Fair receipts that are not charged to the fair account; namely the expense of the members, amounting to $4,000 or $5,000 per annum. General expenses about $1,200 per annum, interest and such amounts as are expended in excess of the appropriation, for new buildings. None of these amounts are covered by State appropriations and should be considered in the provisions for the future that this board is bound to make.

An inventory of the personal property, as contained in the various buildings on the Fair Grounds and in the office on December 31, 1914, showing the estimated value of various articles, is as follows:

INVENTORY OF PROPERTY IN THE DOME BUILDING.

23	Iron turn-stiles, for gates	$2,300 00	11	Roller top desks	$110 00
23	Iron coin boxes for gates		6	Flat top desks	36 00
1	Refrigreator	200 00	159	Red settees	477 00
16	Window awnings	80 00	13	Mantel folding beds	39 00

REPORT OF ROBINSON, MASQUELETTE & CO., CERTIFIED PUBLIC ACCOUNTANTS.

Chicago, Ill., *January 11, 1915.*

Hon. Jas. K. Hopkins, Chairman of Finance Committee, State Board of Agriculture, Springfield, Ill.

Dear Sir: In accordance with your instructions to our Mr. W. H. Horine, who has become associated with our firm, we have made an examination of the financial affairs of your secretary's office and checked the cash-book of your treasurer against the warrants and the secretary's records, and beg to submit our report herewith:

General balance sheet (Folio 1-4)—Showing the total debits and credits of each account on the ledger (excepting the individual accounts of "Members Expense," which are here consolidated, but will appear in detail in the secretary's report), all debit and credit balances before closing the accounts and the resources and liabilities at the close of business for the year 1914. For the details of the various accounts not supported by a schedule, reference is had to the schedules that will appear in the secretary's report, all of which we have verified by checking with the reports of the various superintendents of departments, or the records of the office, and proven the balances that will appear.

Fertilizer certificates—The applications on file were checked with the records and cash-book and the disbursements and other charges to the account were verified through the vouchers and journal entries.

Interest—This was paid on funds borrowed from time to time, as appears in account of bills payable.

Secretary's fund—This is supplied by appropriation.

Live stock certificates—Were verified with the records and the cash book.

Rents—This represents income from stalls, etc., rented at the Fair Grounds from time to time throughout the year and results in a profit of the entire amount credited.

Office expense—Funds are supplied by appropriation of $1,200 annually and exceed the appropriation this year, $262.34. The account was balanced into profit and loss account.

Personal property—The debit of this account was established at the time a general appraisal was made and has been augmented each year since. An inventory is made each year, but it seems is not extended and balanced against the account.

Traveling expense—This represents the amount paid for railroad transportation for the members of the board and others entitled to same.

General expense—The details of this account will appear in the secretary's report.

Bills payable (Ledger page 118)—Represents funds borrowed from various banks and fully paid, as evidenced by the cancelled notes on file.

This account also appears on ledger page 374 and now shows a credit balance of $10,000. This was confirmed by an officer of the bank where the loan was negotiated.

Covered walk fund—This represents an appropriation.

Class A to class O—These accounts represent the various exhibit departments, the many details of which will appear in the secretary's report. The funds reported in connection have been carefully checked and proven.

Insurance—Is represented by premiums paid for three years on policies, see Folio 15-16.

Special premiums—Reference is had to secretary's report, for details.

Marshal of Ring—Represents the cost of this expense.

Members' Restaurant—Represents the cost of supplying, cooking and serving meals for the members and officers.

Forage—Represents department established by the fair management to supply exhibitors the necessary feed for animals of all kinds at a reasonable charge. From a careful study of the report of the superintendent of this department, it appears to us as having been well managed this year and while it is not designed to make money off of exhibitors, nevertheless, the department shows a net profit of $1,321.94.

Superintendents of Gates, Coliseum, Grand Stand and Tickets—These accounts were established to properly exhibit the cost of operating each of these departments at the fair.

Tickets and Admissions—This is supported by a report of the treasurer, who personally superintends this department at the fair, and naturally requires close attention, as the situation is fraught with great responsibility, much of which he must delegate to assistants.

Permits and Privileges—This is supported by a report of the superintendent of this department. The conduct of this department also calls for the application of much time and care, as well as carrying much responsibility.

Police—This represents the cost of police protection at the fair.

Boys' School—This is also supported by report.

Night Horse Show—Total debits, $5,379.60. Credits, $1,833. Loss, $3,546.60.

Relics—Reference is had to secretary's report.

Domestic Science School—Reference is had to report.

Advertising—Total cost, $6,594.30. Reference is had to secretary's report.

Music—Cost, $5,245.35. Represents the transportation of all bands employed, outside of Springfield and services while on duty.

Attractions—This represents the cost of the special features, such as aeroplane exhibitions, automobile races and similar displays, that are an essential part of all fairs, necessary to attract large crowds. The compensation for such displays is usually based on a certain percentage of the gate receipts.

Statistical clerk fund and expense.
Filing clerk fund and expense.
Crop statistics fund and expenses.
Secretary fund and expense.
Clerk hire fund and expense.
Chief clerk fund and expense.
Stenographer's fund and expense.
Receiving and shipping clerk fund and expense.
Janitor fund and expense.
Maintenance and repair fund and expense.

State Fair fund and expense.

These are all supplied by appropriations to the respective funds, and through the journal transferred as credits to the respective expense accounts.

General Superintendent—Represents the cost of general superintendence of the Fair Grounds. This expense has been eliminated.

Dining hall—This is a capitol account, and represents the present value of that building, as shown by the ledger.

Library expense and fund—This represents the present ledger value of the library.

New swine and sheep pavilion.
New horse barn.
Dome building.
Grand stand.
Poultry building.
Frame barns.
Exposition building.
Engine house.
Southwest entrance.
Railroad platform.
Forage barn.
Haskel viaduct.
Brick cattle barn.
Custodian's house.
Coliseum building.
Dairy building.
Women's building.
Speed stalls.
Covering for walks.
Band stand.
Turnstiles.
Water main.
Cement walks.
Sewers.
Fences.
Toilet building.
Half mile track.
Real estate.
Machinery hall.
Main entrance.

These represent the present ledger value of the capitol accounts as indicated.

Traveling expense fund—Is supplied by appropriations.

Improvements—This is supported by report of secretary.

Library fund—This is supplied by appropriation.

Surplus—This represents investment.

State Treasurer.

County fair appropriations—This represents appropriations made for county fairs and the unexpended balance.

Profit and loss—Has been carried for some time, but was closed out and the balance transferred to surplus account this year, at our suggestion.

Cash book balance—Is the balance shown by the secretary's cash book at close of your business.

Secretary's receipts and disbursements (Folio 5).

Treasurer's report of receipts and disbursements (Folio 6)—These have been verified by checking against the reports from the sources of receipts and also against each other and against the warrants issued and paid.

Reconcilement of cash balances (Folio 7)—This verifies the cause of the apparent discrepancy between the cash balance of the respective offices.

Analysis of receipts and disbursements (Folio 8-9)—This exhibits the amount received on account of the 1914 Fair, the disbursements both for expense and premiums in the various departments, disclosing a net loss for the year of $20,099.68. The item of additional receipts in Class B-4, Speed, $600.80, was received after books were closed, but included as it should be in the year's receipts in this analysis.

State appropriations for State Board of Agriculture (Folio 10)—This represents the appropriations made by the Legislature and are verified by reference to the record of same. The $10,700 appropriated for 1914 has not been received, and is due to the fact that the Civil Service Commission has enjoined its payment to the State Board.

Journal entries (Folio 11-12)—Have been carefully checked against the respective accounts affected.

Salaries of officers and employees (Folio 13)—The president, vice president, treasurer, and all members of the board, received no compensation, with the exception of Mr. Joab Goodall, who performed the duties of general superintendent, for which he was paid $1,000 per year. Yielding to the criticism of this procedure, the board has abolished this position and eliminated the salary. It was noted that Mr. Goodall received warrants in payment for supplies furnished. A careful scrutiny of the bills discloses nothing over market prices was charged on same.

Treasurer's bond (Folio 14)—This is a true copy of the bond furnished by the treasurer.

Insurance policies (Folio 15-16)—Two hundred and fifteen thousand dollars fire and $208,000 tornado insurance is carried. The schedule was carefully checked against the policies.

General remarks—It seems that, in consonance with almost every other department of human endeavor, your cost of operation is increasing. We feel, however, it must be recognized that the conduct of your board must necessarily be, along some lines, different in its policies than the conduct of a commercial enterprise. As yours is a public institution, the public has a right to make certain demands, which you may have to meet, and hence cannot count the cost.

It is noted you have been unfortunate in having severe losses by tornado, and it is also noted that your premium requirements have increased from $52.114.89 in 1910 to $81,544.09 in 1914, and your departmental expense has materially increased, though the expense of conducting the fair and the cost of maintenance and repairs of the Fair Grounds show no very great increase. The average expense of conducting the fairs the past six years was $28,300, the cost this year being $31,954.46. The average cost of maintenance and repair during the same period was $18,400, the cost this year being $21,561.59.

Noting that you are in litigation with the Civil Service Commission over part of your appropriations, we are constrained to comment from a purely business standpoint on its application to your service.

Your treasurer is under a $100,000 bond, every member of the board serves without compensation and gives much of his time and service gratis. Why should any set of paid men, without responsibility, supersede your board in its business affairs? The effect of such a state of affairs would be bound to drive the men of such calibre as your board holds, off of the board, and result in lodging this important State department into inefficient and careless hands.

It is also noted the board has been criticized for employing the help of persons residing some distance from Springfield, and thus entailing additional expense for transportation. It is quite natural that the superintendents of the various departments, coming as they do from distant sections of the State, should call to their assistance persons of their intimate acquaintance, particularly as they are charged with much responsibility without compensation. It seems, as a matter of policy, too, this is wise, as it tends to keep alive the general State-wide interest in the fair. Otherwise, the fair would become localized and could be viewed as a distinctively "Springfield Fair," in which event exhibits and attendance would fall off and the fair suffer in proportion.

It is also suggested that an appropriation ledger be provided and conducted as a memorandum ledger. In this record would appear, under their respective accounts, the various appropriations, which, when they become due, would be charged to the State Treasurer, and he would receive credit, as he makes payments to the board. The total amount of the appropriations shown by this ledger, charged to the State Treasurer, could be entered in one account on the general ledger, known as "State Treasurer," and credited also on the general ledger as payments are received.

The distribution to the various funds would be made on the memorandum ledger and a trial balance of this ledger must agree with the State Treasurer account.

The general conduct of the accounting of the board is to be commended.

ROBINSON, MASQUELETTE & Co.,
Certified Public Accountants.
By W. H. HORINE.

TREASURER'S BOND.

Know all men by these presents, that we, J. F. Prather, treasurer of the Illinois State Board of Agriculture, and Logan Hay, Milton E. Jones and C. R. Taylor, sureties, all of the county of Sangamon and State of Illinois, are held and firmly bound to the Illinois State Board of Agriculture, in the penal sum of $100,000, for the payment of which, well and truly to be made, we bind ourselves, each of us, our heirs, executors and administrators, firmly by these presents, signed with our hands and sealed with our seals this 25th day of February, A. D. 1913.

The condition of this bond is such that, if the above bound, J. F. Prather, shall perform all the duties required to be performed by him as treasurer of the Illinois State Board of Agriculture in the time and manner prescribed by law, and when he shall be succeeded in office, shall surrender and deliver to his successor in office, all books, papers and moneys appertaining to his said office, then the foregoing bond to be void; otherwise to remain in full force.

Witness for Mr. Hay,
E. S. Scott.
Witness for Mr. Prather.

COMMITTEE ON CHILDREN'S PLAY GROUND.

The Committee on Childrens' Play Ground begs to report that splendid progress is being made with the work assigned to it, and that it hopes to have the park fully equipped for the reception and entertainment of the visiting children long before the opening date of the 1915 Fair, provided definite action is taken at this time for the further guidance of the committee.

B. H. Heide,
Louis F. Wilk.

REPORT OF COMMITTEE ON PURCHASE OF LINCOLN CABIN AT OLD SALEM.

To the President and Members of the Illinois State Board of Agriculture, Springfield, Ill.

Gentlemen: The committee to which was referred the investigating of the proposition presented at a recent meeting relative to the purchasing of an old log cabin located in Menard County, in which Lincoln is supposed to have lived from 1832 to 1838, begs to report that after considerable effort and much exposure, the committee visited "Old Salem" on what developed to be one of the coldest days in December and finally located an old tumbled down log cabin on the Chautaqua Grounds at this point, which it was claimed represented what remained of this alleged "Lincoln Cabin."

Inquiry developed that efforts were being made by certain ones in Petersburg to arouse interest in this relic and to establish the historical authenticity of this cabin beyond all question of doubt; that the interested ones had actually succeeded, after some effort, to secure at least one and perhaps more affidavits proving that what we saw was actually what remained of the cabin in which Lincoln lived during the period indicated above.

It appears that the cabin has had a varied and rather remarkable history. In an old print we were shown while visiting the Menard County Court House, it was designated as a boarding house, while one of the citizens informed us that it had for many years served as a cow stable; that some of the logs had been carried away for the manufacture of "Lincoln Cabin Canes," and that it had been moved about some before it was finally located on its present site.

Owing to the fact that but little of the original old cabin remains and for the further reason that even these few remaining pieces are so badly decayed that it would be extremely difficult to preserve them in their present condition and to restore the cabin to anywhere near the condition in which it might have been when it served as a temporary abode for our most illustrious martyred President, we do not feel justified in recommending that the Illinois State Board of Agriculture spend the State's money to secure this particular cabin for our State Fair Grounds.

Respectfully submitted,

CHARLIE M. WOODS,
B. H. HEIDE,
AUGUST W. MILLER,
Committee.

SPRINGFIELD, ILL., *January 12, 1915.*

President and Members Illinois State Board of Agriculture.

GENTLEMEN: Your Committee on Attractions beg leave to submit the following report:

Total expense incurred on attractions was $289.10 and total receipts from the only special attraction put on—the automobile races—was $9,025.08, or a net income to the fair of $8,735.98.

We strongly recommend the continuance of an automobile racing program for first two days of fair and for closing day similar to this last year's program.

Respectfully submitted,

THOS. S. MARSHALL,
B. H. HEIDE,
JOAB GOODALL,
LOUIS F. WILK.

CONVENTION REPORT.

Report of the Delegates' Convention held on the Illinois State Fair Grounds, Springfield, Ill., September 23, 1914.

The delegates selected to represent their counties in convention for the election of the members of the State Board of Agriculture for the years 1915-16, met in the Woman's Building on the State Fair Grounds on Wednesday, September 23, 1914, in accordance with the law.

The meeting was called to order by Dr. J. T. Montgomery, of Charleston, president of the State Board of Agriculture.

The president addressed the convention along the lines of the future of the State Board of Agriculture and more particularly in regard to the effort that was being made to inject politics into the board by having its members appointed by the administration, after which nominations were called for to elect a chairman of the meeting.

Hon. Len Small, of Kankakee was nominated by B. M. Davison, and seconded by Dr. Robertson, of Chicago. There was no opposition and Mr. Small was declared elected chairman of the convention.

Dr. Robertson of Cook County placed in nomination J. K. Dickirson for secretary of the convention and E. E. Lindley for assistant secretary. There were no other nominations and their elections were declared unanimous.

On motion of Thos. S. Marshall of Metropolis, a committee of three on Credentials was appointed by the Chair, this committee consisting of Mr. Marshall, Mr. Taggart of Stephenson County and Mr. Thornber of Hancock County.

Secretary Dickirson reported that five new county associations had filed their organization papers with the secretary of the State Board of Agriculture within the last year, each and everyone being recorded as filed on or before the first day of September, in accordance with the rules and by-laws of the State Board of Agriculture. The secretary further reported that there were contests in Peoria, Christian, Montgomery and Sangamon counties. All reports and correspondence bearing on the matter of the aforesaid contests were delivered to the Credentials Committee and said committee retired for deliberation.

Mr. Madden, of LaSalle County, moved that in view of the fact that the Committee on Credentials would require some time, that a committee of three be appointed by the Chair to prepare a resolution for presentation to this convention in regard to the attitude taken by the Civil Service Commission. This motion carried unanimously and the Chair appointed Mr. Madden, Mr. Burke of Champaign County, and Mr. W. F. Aten of Ray, Ill., as such committee.

On motion of Dr. Robertson of Cook County, the convention proceeded to the election of a president of the State Board of Agriculture for 1915 and 1916.

Mr. Heide of Cook County, placed in nomination, Hon. J. K. Hopkins, of Princeton. This nomination was seconded by Mr. Unholz of Cook County. Senater Walter Manny of the twentieth district also seconded the nomination of Mr. Hopkins. The Chair asked for further nominations, if any, and there being none, Mr. Hopkins was elected by acclamation.

Dr. Montgomery of Coles County escorted Mr. Hopkins to the platform and introduced him to the convention. Mr. Hopkins spoke as follows:

"Mr. Chairman and Delegates: I thank you most sincerely for this honor. I think it is an honor to be placed at the head of the Agricultural Board of the State of Illinois and to be at the head of a great fair like this. I will go the Hon. Senator Small one better. We have the greatest fair in the world in the agricultural sense and that takes in most all the territory. I would hesitate to take up this work if I wasn't assured of the hearty co-operation of every member of this board. I certainly would hesitate if I didn't know it to be a fact. Now I want to talk just a moment to the delegates here. I want to appoint you all a committee of boosters. You are all fair men. You are all interested in fairs or you wouldn't be here. Many of you I know. Those of you whom I do know, are interested in fairs and I take it for granted you are all interested in fairs. Now you are all on a committee to boost this fair, the coming fairs for the coming years and we will build up a fair here that will surprise even you. We have the goods, the State and the buildings. Now you are all a committee of boosters and I again thank you most sincerely."

On motion of Mr. Miller of Cook County, the sitting delegates were declared the delegates to the convention where there were no contests, which motion was seconded and carried.

On motion of Mr. Dilatush, the convention proceeded to elect the members in the districts where there were no contests, which motion was seconded and carried.

Dr. Robertson of Cook County, placed in nomination for the first congressional district, Martin Conrad; second, B. H. Heide; third, John McCord; fourth, Frank M. Mares; fifth, A. W. Miller; sixth, John Dill Robertson; seventh, J. J. McComb, eighth, Louis F. Wilk; ninth, J. F. Rehm, and tenth, W. E. Davis. There being no other nominations, these gentlemen were elected by acclamation.

Mr. C. F. Dike, of McHenry County, was nominated by Mr. J. P. Mason, of Kane County, for member from the eleventh district, and elected by acclamation.

Mr. Geo. H. Madden, of LaSalle County, was nominated by Mr. Wenninger, of LaSalle County, for member from the twelfth district, and elected by acclamation.

Mr. J. E. Taggart, of Freeport, was nominated by Mr. F. B. Walker, of Freeport, for member from the thirteenth district, and elected by acclamation.

Mr. Frank Thornber, of Hancock County, was nominated by Mr. Clyde Johnson, of Hancock County, for member from the fourteenth district, and elected by acclamation.

Mr. W. F. Aten, of Schuyler County, was nominated by Mr. Theodore Boltenstern, of Henry County, for member from the fifteenth district, and elected by acclamation.

Sixteenth district contested.

Mr. H. B. Taylor, of Livingston County, was nominated by Mr. B. F. Baker, of McLean County, for member from the seventeenth district, and elected by acclamation.

Mr. B. M. Davison, of Clark County, was nominated by Mr. B. F. Beals, of Edgar County, for member from the eighteenth district, and elected by acclamation.

Mr. William Dighton, of Piatt County, was nominated by Mr. A. M. Burke, of Champaign County, for member from the nineteenth district, and elected by acclamation.

Mr. Elias Watkins, of Petersburg, was nominated by Mr. H. J. Tice, of Menard County, for member from the twentieth district, and elected by acclamation.

Twenty-first district contested.

Mr. John S. Culp, of Bethalto, was nominated by Mr. Henry Viehmann, of St. Clair County, for member from the twenty-second district, and elected by acclamation.

Mr. Thos. S. Marshall, of Jackson County, was nominated by Mr. August W. Grunz, for member from the twenty-third district, and elected by acclamation.

Mr. John W. Shaw, of Harrisburg, was nominated by Mr. R. S. Jones, of Clay County, for member from the twenty-fourth district, and elected by acclamation.

Mr. Joab Goodall, of Marion, was nominated by Mr. James M. Young, of Williamson County, for member from the twenty-fifth district and elected by acclamation.

This closed the elections except for the two districts in which there were contests.

The Committee on Resolutions, in regard to the Civil Service Commission presented the following resolution:

"WHEREAS, The State Board of Agriculture being incorporated under a special Act of the Legislature has continuously in the past acted under the provisions of the law under which it was incorporated by employing its own officers and employees from time to time; and,

"WHEREAS, The State Civil Service Commission created by an Act of the Legislature contends that all such officers and employees of the State Board of Agriculture should be subject to examination and employment by said Civil Service Commission, there being a conflict of opinion between the State Board of Agriculture and the Civil Service Commission as to the power of the Civil Service Commission to control any of the appointments of officers and employees of the State Board of Agriculture; be it

"*Resolved*, In the meeting of the delegates selected to elect the members of the State Board of Agriculture assembled and in session for the year 1914, that the Legislature at its next session pass an Act exempting all the officers and employees of the State Board of Agriculture from Civil Service examinations, thereby settling the question of contention between the State Board of Agriculture and the State Civil Service Commission."

Mr. Madden moved the adoption of the resolution, which motion was seconded and carried unanimously.

Col. Miller, of Cook County, presented the following resolution, and moved its adoption:

"*Be it resolved*, By this convention that the officers elected today by this convention, who will become the State Board of Agriculture of the State of Illinois, at the next annual meeting to be held in January, 1915, be requested

and are hereby instructed to vote for and elect the Honorable B. M. Davison, of Marshall, Ill., secretary of the State Board of Agriculture."

This motion was seconded by Mr. Burke of Champaign County, and carried unanimously.

Mr. Marshall reported that the Credentials Committee was ready to report and asked the stenographer to read the report, which is as follows:

"The Committee on Credentials begs leave to submit the following report:

"We find that the sitting delegates from the counties of Christian, Sangamon and Montgomery are entitled to seats in this convention, having been regularly elected by legally incorporated agricultural societies.

"In Peoria County no contest was presented and we recommend that the seated delegates be declared the delegates in this convention."

Mr. R. O. Jones, of Delavan, was recognized by the Chair and placed in nomination the name of J. W. Crabb as a member from the sixteenth congressional district.

Mr. Argenbright, of Stark County, was recognized by the Chair and placed in nomination Mr. J. P. Code of Bradford as a member from the sixteenth district.

Mr. Crabb's nomination was seconded by Mr. Evans of Peoria, and Mr. Code's nomination was seconded by the delegate from Bureau County. On call of the roll of the sixteenth district, the following votes were cast: Bureau County, 3 for Code; Marshall, 3 for Code; Peoria, 3 for Crabb; Putnam, 3 for Code; Stark, 3 for Code; Tazewell, 3 for Crabb; making a total of 12 votes for Code and 6 for Crabb.

It was moved by Mr. Miller, of Cook County, that the gentleman receiving a majority of the votes from his district be declared elected a member of the State Board of Agriculture. Mr. Hopkins seconded the motion and Mr. J. P. Code was declared duly elected as the member from the sixteenth district.

Mr. Odiorne was recognized by the Chair and stated that the unanimous vote of the delegates from the twenty-first district was for C. M. Woods, whose election was made unanimous.

Mr. Heide was recognized by the Chair and stated: "In behalf of the Night Horse Show Committee, I desire to invite the delegates here assembled to attend tonight the Night Horse Show and to state that the delegate badge will admit you." Mr. Small thanked Mr. Heide on behalf of the delegates.

There being no other business, it was moved and seconded that the meeting adjourn, which motion carried.

ILLINOIS FAIRS.

The following table gives much interesting information concerning fairs held in this State.

STATE APPROPRIATIONS.

Since and including the year 1870, the sum of $12,632,893 has been offered by agricultural boards of this State to the enterprising people of the world, as an incentive to exhibit at our fairs the best results in the breeding of stock, the skill of the inventor and manufacturer of labor-saving farm machinery and implements, the growing of superior specimens of agricultural products, etc.

All the citizens of the State have shared in the benefits to agriculture resulting from the holding of over three thousand five hundred and ten (3,510) fairs in various portions of the State during the period named, and have never questioned the wisdom of paying the limited amount appropriated to county and other agricultural societies.

It will be seen from the following table that the State appropriation to the societies the last thirty-eight years is but a small proportion of the amount of premiums offered by the fair associations:

Year.	Premiums offered by fair associations.	State appropriation to agricultural boards.	Per cent State appropriations to premiums offered.	Year.	Premiums offered by fair associations.	State appropriation to agricultural boards.	Per cent State appropriations to premiums offered.
1877	$230,300	$10,100	4.38	1896	$277,177	$11,700	4.22
1878	224,007	10,500	4.67	1897	246,232	18,100	7.35
1879	241,083	10,800	4.52	1898	240,233	16,600	6.90

STATE FAIRS.

The following table gives the amount of premiums offered by the managers of the Illinois State Fair since its organization in 1853. It will be seen that the growth in each department has been steady, and has been met by the management with increased inducements in the way of premiums in each of the departments.

The first of the succeeding tables gives the aggregate amount offered during the past sixty-two years in each department, and the second the amount offered each year:

Cattle	$301,513 00	Fine arts	$18,098 00
Horses, mules and equestrianism	334,634 00	Textile fabrics	41,413 00
Speed	399,660 00	Natural history	9,974 00
Sheep	91,098 00	Education	32,025 00
Swine	92,601 00	Dairy, apiary and pantry stores	110,985 00
Poultry	47,050 00	Miscellaneous	24,849 00
Mechanic art	13,119 00		
Farm products	110,668 00	Total	$1,724,145 00
Horticulture and floriculture	96,458 00		

AMOUNT OF PREMIUMS OFFERED BY THE ILLINOIS STATE FAIR—1853-1913.

Place of fair.	Year.	Cattle.	Horses, mules and equestrianism.	Speed.	Sheep.	Swine.	Poultry.	Mechanic arts.	Farm products.	Horticulture and floriculture.	Fine arts.	Textile fabrics.	Natural history.	Education.	Dairy and pantry stores.	Miscellaneous.	Total.

m Includes $492.50 paid in special premiums.
n Includes $110 paid in special premiums.
o Of this amount $31,935.51 represents personal property on hand.

Respectfully submitted,
J. K. DICKINSON,
Secretary.

CANADA THISTLES.

AN ACT *concerning Canada thistles, approved and in force March 15, 1872, provides that—*

The commissioners shall annually, before the 1st day of November, make a written report to the supervisor of the town, or to the county commissioners as the case may be, which report shall be filed with the town clerk, or in counties not under township organization, with the county clerk. The report made to the supervisor shall be publicly read at the annual town meeting. Said report shall state:

First—Whether there are or not any Canada thistles growing in the town or precinct.

Second—If any are growing, where and how many, and when introduced.

Third—A detailed statement of his treatment of each infected tract, with the cost and result.

Fourth—He shall report such other matters as may be required of him by the board of town auditors, or by the county commissioners.

Fifth—He shall state his views on their further treatment, and make such suggestions and recommendations as he may deem proper and useful.

And he also shall forward a copy of said report to the secretary of the State Board of Agriculture, who shall collate and report the same to the Governor by the first day of December of each year.

The law in relation to Canada thistles has been observed to a very limited extent.

The following are the reports received by the secretary of the State Board of Agriculture for the year 1914:

BUREAU COUNTY.

Report of J. W. Sabin, Commissioner of Canada Thistles for the township of Berlin, county of Bureau.

As Canada Thistle Commissioner of said township, I respectfully report that all Canada thistles heretofore reported have been destroyed; that the following new territory infested with Canada thistles has been discovered or reported and has been investigated and now under the treatment under the orders and direction of the undersigned commissioner; that said infested territory is located as follows: One patch is located in the southwest corner of the southeast quarter of section ten (10) in said township, and consists of about one-sixteenth of an acre; said Canada thistles being located mostly in the field owned by Mrs. Rebecca Jay, and some of them being located in the public highway adjacent to the said field; the other tract is located on the southwest quarter of section twenty-seven (27) in said township on the farm owned by Oscar S. Bass. This tract consists of about one-fourth of an acre. These two tracts are receiving the same treatment given the ones formerly reported; that is, by turning the soil with an ordinary ground plow so often that the thistles cannot come to the surface.

I have not been able to ascertain how the said thistles were introduced.

There has been no considerable expense. The parties owning the premises have done the necessary and required work under the instruction of this commissioner.

Report of C. W. Smith, Commissioner of Canada Thistles for the township of LaMoille, county of Bureau. Patches in township, May 1, 1914:

Schanaw Estate, 1 patch 20 x 30 feet, all gone. I. S. Bash, 2 patches 80 x 60, 60 x 40 feet; all gone. John Long, 2 patches 30 x 30, 60 x 40 feet; a few left. Martin Swanland, 3 patches 80 x 80, 60 x 40, 40 x 20 feet; a few left. Harry Kennedy, 2 patches 40 x 40, 40 x 20 feet; all gone. Jay Dunbar, 2 patches 40 x 30, 60 x 40 feet; all gone. William Burns, 1 patch 80 x 80 feet; a few left. L. M. Perkins, 1 acre; all gone. H. Williams, 1 patch 40 x 30 feet; all gone. Mrs. S. Martin, 1 patch 80 x 80 feet; a few left. John Grissell, 1 patch 80 x 90 feet; all gone. Mrs. B. Wade, 2 patches 30 x 20, 3 x 10 feet; all gone. Taylor Martin, 1 patch 40 x 60 feet; all gone. Frank Dayton, 1 patch 40 x 40 feet; a few left. Clark Norris, 1 acre; all gone. Anna Kendel, 1 patch 80 x 80 feet; a few left. H. M. Stacey, 1 acre; a few left. C. B. Railroad Co., 1 patch 40 x 40 feet; a few left. Village of LaMoille, 1 patch 30 x 60 feet; all gone. New patches, Mrs. Wm. Williams, 1 patch; 80 x 40 feet; a few left. Walles Anderson, 2 patches 80 x 40, 10 x 12 feet; a few left. E. T. Haughton & Co., 1 patch 6 x 10 feet; all gone. Those marked "a few left" is where I found one or two the last round. Time, 48 days.

IROQUOIS COUNTY.

Report of John Schroeder, Canada Thistle Commissioner for the town of Ash Grove, county of Iroquois.

Would report that Canada thistles are now growing in said town, on the following farms:

Jacob Haupling, E. ½ of SW. ¼, Section 36, Range 14, 1 patch. W. C. Rose, NW. ¼, Section 31, range 13, 1 patch. Luella Rose, SW. ¼, Section 31, Range 13, 1 patch. J. M. Hamilton, NE. ¼, NW. ¼, Section 30, Range 13, 1 patch. E. J. Hickman, N. ½, NW. ¼, Section 30, Range 13, 1 patch. Henry Henneike, E. ½, SE. ¼, Section 19, Range 13, 1 patch. Jacob Heiniger, NE. ¼, SE. ¼, Section 26, Range 13, 1 patch. Dora Ulitsch, N. ½, SW. ¼, Section 12, Range 13, 1 patch. John Casper, NE. ¼, SE. ¼, Section 11, Range 13, 2 patches. C. J. Rapp, E. ½, NW. ¼, Section 1, Range 13, 1 patch. Mrs. Van Hovehn, SW. ¼, Section 1, Range 13, 1 patch. John Wienrank, NW. ¼, Section 1, Range 13, 1 patch. Ward Estate, NW. ¼, NW. ¼, Section 2, Range 14, 1 patch. Henry Schroeder, E. ½, Section 2, Range 13, 1 patch. James Crangle, E. ½, Section 6, Range 13, 1 patch. J. C. Hartmann, S. ½, NE. ¼, Section 5, Range 13, 1 patch. G. Pfiingsten, NW. ¼, NW. ¼, Section 4, Range 13, 2 patches. Fred Hartmann, NE. ¼, SW. ¼, Section 5, Range 13, 1 patch. Adam Jacobs, NE. ¼, Section 23, Range 13, 1 patch.

The patch on the farm of George Brenner was killed by spading.

Report of J. D. Webster, Commissioner of Canada Thistles for Belmont Township, county of Iroquois.

I herewith submit my report as Commissioner of Canada Thistles of the town of Belmont, Iroquois County:

Would report that said thistles are now growing in said town on the farms of—

William Correll, in pasture, N. ½, SW. ¼, Section 32. A. J. Plum, in oatsfield, E. ½, NE. ¼, Section 32. Frank Johno, W. ½ of NE. ¼, section 32, in pasture. John S. Williams, in cornfield, N. ½, SW. ¼, Section 30. George M. Williams, in cornfield, S. ½, NW. ¼, Section 30. Robert Fiester, in cornfield, E. ½ of NE. ¼, Section 34. H. R. Hobbs, in pasture, W. ½, SW. ¼, Section 22. Elmer Martin, in pasture, NW. ¼ of NW. ¼, Section 23. F. Fleming, in pasture, SE. ¼ of SE. ¼, Section 14. Saylor Farm, in cornfield, W. ½ of SW. ¼, Section 14. J. G. Williams, in cornfield, W. ½ of SW. ¼, Section 13. William Cavitt, in orchard, SW. ¼ of SW. ¼, Section 14. T. T. Ainsworth, in pasture, E. ½ of NW. ¼, Section 25. Frank Zumalt, in oatsfield, N. ½ of NW. ¼, Section 24. Mrs. Tucker, in cornfield, W. ½ of SW. ¼, Section 10. John Lemon, in cornfield, E. ½ of SW. ¼, Section 7. J. C. Riche, in cornfield, E. ½ of NE. ¼, Section 24. All in Belmont Township, Iroquois County.

FIRST DAY, JUNE 16, 1914.

Commissioners visits to the different farms infected with Canada thistles. First day visited the farms of A. J. Plum, found thistles in oats-field, small patch, not many plants. In the pasture of William Correll, found large patch thickly set. Correll had been salting stock on thistles for the purpose of killing them. Advised Plum and Correll to dig them out as often as once a week, for some weeks.

Small patch on the farm of Robert Fiester, tenanted by Wm. Shaffer.

H. D. Hobbs farm, in pasture, tenanted by John Boughton. Boughton was using salt.

Elmer Martin, in pasture, tenanted by H. Henning. Henning promised to dig them out, and get rid of them as soon as possible.

F. Fleming, in pasture, tenanted by Ely Jamison. Mr. Jamison did not know thistles were on the farm, but a few days before I called on him, a few thistles were found on the farm of William Correll, in pasture, tenanted by Orin Hickman. Hickman was digging them out, and expected to eradicate them this season.

A few scattering thistles on the Saylor farm, in cornfield, tenanted by Wright. Was trying to get rid of them in cultivating the corn.

J. G. Williams farm, in cornfield, tenanted by Malon Williams. Mr. Williams was plowing and pulling them out, hoping to be able to get rid of them this season.

SECOND DAY, JULY 9, 1914.

Did not find as many this visit as on first visit. Correll farm no improvement.

Robert Fiester farm, no one at home to show me where the thistles were; did not see them.

T. T. Ainsworth, small patch in pasture, tenanted by William Black. Mr. Black was cutting them off. I advised digging them out.

Called at J. C. Richie farm; no one at home; did not see them.

F. Fleming farm, tenanted by Jamison; only a few plants above ground.

No one at the Tucker farm. No one at home; tenanted by William Woolslager.

THIRD DAY, JULY 16, 1914.

Plum farm; not as many thistles as on former visits.

Correll farm; Correll said he had a man cutting thistles off. Did not see much improvement.

Small, but vigorous thistles on the Wm. Cavitt orchard, tenanted by George St. John. Mr. Cavitt went at once to digging them out.

Called at the farm of J. R. Ritchie, tenanted by Thomas McElhamey; no one at home.

John Lemom farm; thistles in cornfield. Mr. Lemom did not think they were thistles. These thistles had been on the farm for a long time; did not care to let it be known. I convinced him that they were Canada thistles, and must go to work at once to destroy them as they were in cornfield; he would plow all he could, those not plowed out, to dig out.

FOURTH DAY, AUGUST 8, 1914.

Plum had not done anything with the thistles since third visit. Mr. Plum not being at home, his wife promised they would go at once and cut them out.

Correll was using salt; I did not think there was much improvement, if any.

Only a few thistles on the Fleming farm, and they were small.

Third call, found thistles on Mrs. Tucker farm, in cornfield. Not many plants, but spread over considerable territory. Could not see that there had been much done with the thistles since corn was laid by. Met tenant sometime afterwards; said he had been cutting them off under the surface, and promised to continue cutting them off as advised.

Mr. Cavitt farm: not many thistles above ground. Other calls were made when I was informed I would find thistles, but did not find any.

FIFTH DAY, SEPTEMBER 8, 1914.

A. J. Plum had failed to plow his thistle patch, and promised to cut them out if they came up again.

Wm. Correll had mowed his thistles with a mowing machine; did not get them all cut off. I advised him to either plow or dig them out; if not, I would be compelled to take charge of them myself.

Mr. Shaffer, tenant on the Robert Fiester farm, informs me he has no thistles on the farm now. Also Mr. Orin Hickman, tenant on part of Wm. Correll farm has got rid of his entirely.

SIXTH DAY, OCTOBER 2, 1914.

T. T. Ainsworth; only a few thistles above the ground, and they were very short.

Frank Zumalt farm; small patch, but very thick. Had been trying to kill them by using salt to purpose. I advised him to either plow, or dig them out. He has plowed them twice, and will plow oftener if necessary.

On the J. B. Richie farm, tenanted by Thomas McElhaney, thistles in cornfield. They were plowing and pulling them out. I think they are doing good work. Only found two patches that were in the seeding stages; they were destroyed at once.

The undersigned Commissioner of Canada Thistles would recommend the plowing or digging them out once a week for several weeks, then once every two weeks during the growing season. Thistles should not be permitted to grow above the surface, or go to seed; as they propagate themselves both by the root and seed; makes it quite difficult to eradicate them.

No plants should be allowed to go to seed, as the seed can be carried from one field to another by the wind, or from farm to farm by threshing machines; also by streams of water. If the owners or tenants of all the farms infested with Canada thistles would follow the above plan of destroying them, from one to two years would eradicate all the thistles I have met with this season.

Judging from the condition I found the thistles on the several farms I visited, there has been quite an improvement with the exception of one case; I may have to enforce the law.

Report of Frederick Schroeder, Commissioner of Canada Thistles for the town of Martinton, county of Iroquois:

I beg leave to make the following yearly report in accordance with the statute in such cases made and provided for the year ending November 1, A. D. 1914.

Another year has elapsed and I am able to make the following report in favor of improvements made this season.

We have used some 4 barrels of salt this fall on different patches, which were only cultivated in past times, but not thoroughly enough to destroy the growth of the thistles. I am convinced that it will pay the man 100 per cent for labor and expense for doing the work thoroughly as they have seen it tried with good results in other fields. I have been with the parties assisting them in the above work which will enable me to make another progressive report next year in regard to this work.

We have many patches greatly reduced and some completely destroyed by cultivating and digging, but it is a slow process if not strictly attended to. By cultivating and spading a man ought to go over his field or patches at least once a week and later on perhaps every two weeks would do in order to keep new sprouts from growing up, which nourishes the roots, which will finally destroy the same. But salt put on the roots or top growth when small will do the work at once.

The railroad company, the C. & E. I., which I made complaint of last year have killed their patch on their right-of-way to perfection by my advice in using salt, nothing more could be discovered this year. The company sent me a check of $10 last winter as a fine to the complaint made by me in 1913.

They thanked me for being so lenient with them, as it was their first offense of this kind.

I have made three complaints against two landowners and one tenant for violating the thistle law this fall; it is considered a criminal act. The case was called before a justice of the peace, Stephen Peltier, by States Attorney J. W. Kern in Watseka, and it was for me to impose the fine, $20, $15, $10; total, $45, which I paid into the township treasury as the law provides.

Total amount paid in to the townships fund this year was $55, fines collected as penalty. Total expense of this trial cost the defense $70.20. It is not pleasant for a man to treat neighbors and friends in that way, but the people know what the result is, if they fail to do their duty.

It seems strange, as we have 25 supervisors in Iroquois County, and only two are tending to their business and doing their duty in regard to the Canada thistles, they are men who appoint the commissioners in their respective townships to look after them to keep from spreading.

The burden ought to rest upon the town board for neglect. Thanks to Martinton Township, our Supervisor, L. N. Baron is as much interested in destroying the Canada thistle nuisance as their commissioner.

I have discovered four new patches this year, which were not reported or discovered before. I was re-appointed in September meeting for another term of three years and shall try to do my duty as heretofore.

Don't find it necessary to report the location of all the thistle patches, as the parties in the township are aware of same; we are now progressing all O. K. in this line of business, and if the rest of the State of Illinois would show their colors in doing good in this line to obey the law and enforce the same, many would have nicer farms and a better conscience.

The above is respectfully submitted.

OGLE COUNTY.

Report of Ernest Ocken, Canada Thistle Commissioner for Forreston Township, Ogle County.

Your commissioner in the months of May, June, July, August, and September, visited and made careful examination of lands in Sections 29, 21, 36, 30, 13, 25, of said township, to ascertain if any Canada thistles were growing thereon.

Section 36 has two patches, one about one-half acre, the other is small. Owners used 6 barrels salt; made brine, and claimed good results.

Section 13 has about two acres. Owner ploughed and cultivated his—reports good results.

Owner spent about $14 in Section 36.

Owner spent about two days' labor in all on Section 13.

The rest kept them cut off with scythe—only small patches.

I spent 15 days as Thistle Commissioner, and have worked hard trying to get the farmers to spend more time on the pieces infected, and none of them have responded.

I recommend deep ploughing and cultivating often with liberal use of salt.

WINNEBAGO COUNTY.

Report of Floyd Smith, Canada Thistle Commissioner for the township of Rockford, county of Winnebago.

There are thirty-one (31) tracts of Canada thistles in Rockford Township, divided as follows: Five (5) large tracts, each one-half acre or less; eighteen (18) tracts, each a few feet square, and eight (8) tracts where but few plants developed, the rest having been killed. The large tracts are plowed if possible, if not, we use salt, first cutting or digging the plants and then applying the salt to the remaining root. The tract should be plowed twice each month when the ground is not frozen. On the smaller tracts we use salt and the spade, keeping the plants from coming to the light. They should be looked after each week. We watch for plants from year to year

on those tracts where the plants have been killed, as seed seems to develop after many years. If we put as much work on Canada thistles as we do on weeds in our gardens, we could destroy the pests.

Four (4) new tracts have been reported this year.

The law requires me to make a report of the expense of treating those tracts in the highway which is under my personal care. There are two tracts: No. 1, salt, $4.73; labor, $1.50. No. 2, salt, 40 cents; labor, 50 cents.

Russian thistles are increasing and power should be given the Commissioner of Canada Thistles to have them destroyed.
